### REDISTRICTING PLAN BEATEN BY OLD GANG

BY KYLE D. PALMER  
(EXCLUSIVE DISPATCH)  
SACRAMENTO, May 3.—A constitutional reapportionment was defeated in the State Assembly today by a vote of 22 to 21. With the exception of representatives of Southern California districts, the vote was given to the old gang.

The Southern Californians who signed themselves with the constitutional amendment in the Assembly, and who were defeated by the old gang, were: Senator W. H. Duval, who is a resident of Ventura county and the representative of that county in the Legislature, and whose name appears in the Los Angeles telephone directory at whose address is given as 1401 Main Drive, Los Angeles.

#### NOW THEY VOTED

The vote on a constitutional redistricting plan, contained in a bill introduced by Assemblyman Edw. J. Baker of Los Angeles, followed by the following: Assemblymen: Baker, Edwin Baker, Ball, Bromley, Coker, Christian, Cleveland, Davis, Eason, Emma, Kline, Lyons, Miller, A. G. Mitchell, Mueller, Paul, Pommeroy, Frenders, Robert, Weller, Whitaker and Speaker Brown.

To nullify the constitution: Assemblymen: Baker, who signed his vote from aye to no in order to demand reconsideration of the bill, and who is the representative of the Southern California district in the Legislature, and who is the author of the bill; and Assemblyman Richard in which it is believed the Governor will insist that the Legislature enact a redistricting bill at this session.

Assemblyman Baker, who signed his vote from aye to no in order to demand reconsideration of the bill, and who is the representative of the Southern California district in the Legislature, and who is the author of the bill; and Assemblyman Richard in which it is believed the Governor will insist that the Legislature enact a redistricting bill at this session.

### HONORS SHOWERED ON DARING AVIATORS WHO FLEW ACROSS COUNTRY

(BY A. P. NIGHT WIRE)  
SAN DIEGO, May 3.—Riding with the speed of the very wind itself, Lieuts. John A. MacReady and Oakley G. Kelly, intrepid Army aviators, who last November attempted a non-stop ocean-to-ocean flight across the United States from San Diego and failed when almost within sight of their goal, today accomplished that feat, flying from New York to San Diego in less than twenty-seven hours and thereby setting a mark which brought them a perfect flood of congratulatory messages from all over the world.

"You have written a new chapter in the triumph of American aviation," said a telegram from President Harding, and scores of other messages expressed similar enthusiasm over the achievement of the two young aviators. The great monoplane T-2 landed at Rockwell Field, according to take official time, at 12:34:14 p.m. Pacific Coast time. The start from Habelhurst Field, Long Island, was at 12:16:18 p.m., eastern standard time, according to the same timers. From these sets of figures, the timers computed the actual flying time as being 26 hours, 59 minutes and 35.2 seconds. The approximate distance covered was 2425 miles.

WILD EXCITEMENT  
There were scenes of wild excitement at the historic Rockwell Field when Lieut. MacReady noted the monoplane T-2 down and landed the huge ship with consummate ease on almost the exact spot where he and Kelly took off in an attempt for New York on November 4, last.

The crowd, thrilled by the sight of the beautiful ship and sensing deeply what it meant for America's aviation, as the air swept the guards aside like so much chaff and with a wild yell bore down on Kelly and MacReady. The two air navigators, their faces splashed with oil and grease, but wreathed in wide grins, were fairly forced up against the fuselage. Here they were lifted on the shoulders of admirers, presented with huge bouquets of flowers, the gift of the local Kiwanis Club, and were surely proud of you.

MAJ. HENRY ARNOLD, commander of Rockwell Field, and the officials of the National Aeronautical Association were caught in the mad rush of the spectators. Maj. Arnold finally fought his way to Kelly and MacReady, side.

(Continued on Second Page)

### SOME PREVIOUS AIRPLANE FEATS

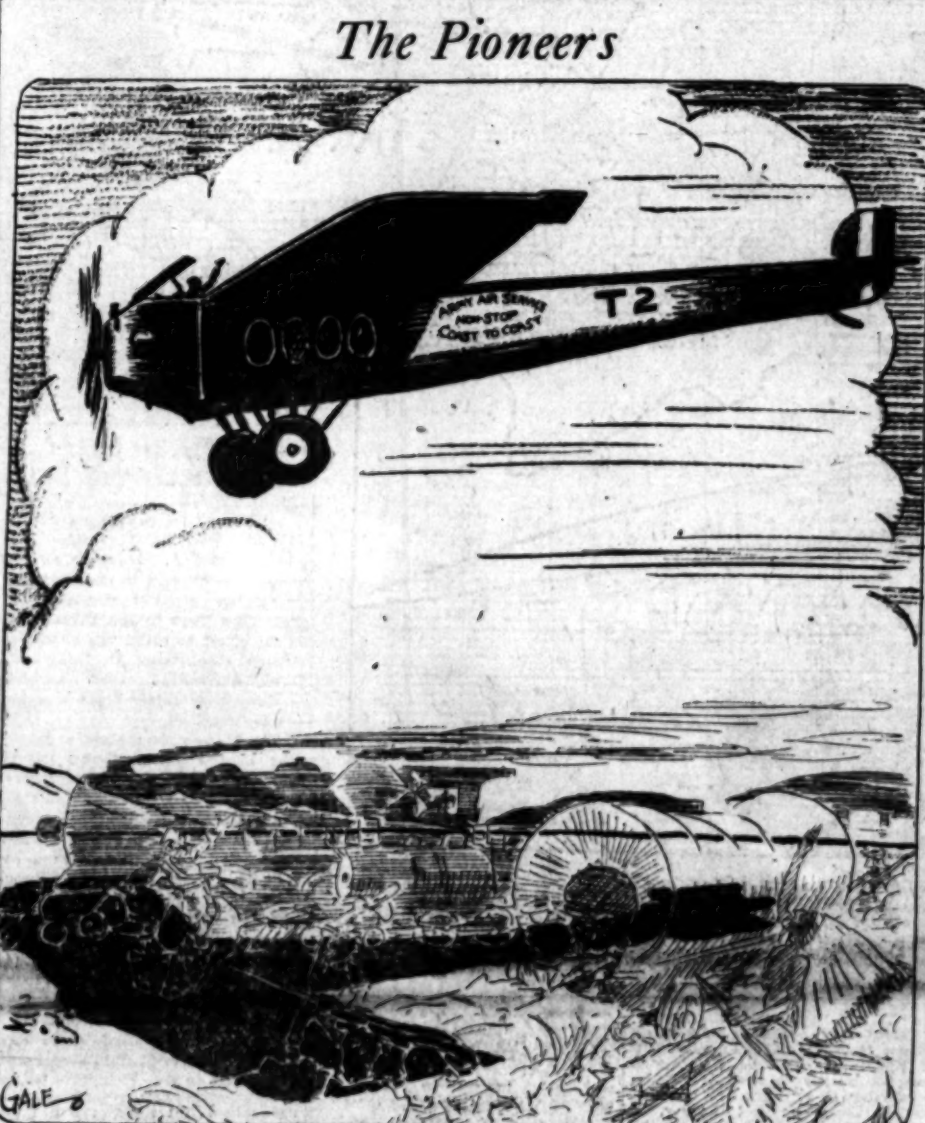

(EXCLUSIVE DISPATCH)  
NEW YORK, May 3.—In point of distance covered in a non-stop flight the performance of Lieut. Kelly and MacReady eclipses all previous airplane records. The nearest approach was their own achievement last November when they flew from San Diego to Indianapolis, 2666 miles.

The first non-stop flight across the Atlantic, made in sixteen hours in July, 1919, by Capt. John Alcock and Lieut. Arthur W. Brown, from St. Johns, N. F., to Clifden, Ireland, was only 1960 miles in actual distance. The N.C.-4 of the United States Navy, which made the first of all flights across the Atlantic in May, 1919, covered 3219 miles in the series of all water jumps from Terceira Bay, Newfoundland, to the Azores.

The only non-stop distance record beating that of Kelly and MacReady was that made by the British R-24 (a lighter-than-air balloon) which flew from England to New York, taking a route 2390 miles long, in 1919.

Conspicuous among interrupted long-distance flights was that of Capt. Ross Smith, who flew a Vickers-Vimy from London to Port Darwin, Australia, 11,000 miles, between November 12 and December 19, 1919.

NEW IRRIGATION BILL IS PASSED BY SENATE  
(BY A. P. NIGHT WIRE)  
SACRAMENTO, May 3.—A second bill by Senator Harris of Fresno to create a State Irrigation board, almost a duplicate of a measure which the Governor vetoed recently because of a clause which the executive said was unconstitutional, was passed today by the Senate, 26 to 12. The bill would permit irrigation districts to join for the purpose of storing water and enable them to use the water to generate power. Senator E. J. Gates, the principal opponent, said the Governor would be asked to veto this measure likewise.

### WRECK VICTIMS IDENTIFIED BATTLE ATLANTIC ICE FLOES

Six Dead, Five Dying as Result of Utha Train Disaster; Cause of Accident Unknown

(BY A. P. NIGHT WIRE)  
SALE LAKE CITY, May 3.—Six persons dead and thirty-eight injured, some probably fatally, was the toll reported tonight as the result of the wreck late last night of Denver and Rio Grande Western passenger train No. 2, which overturned while rounding a curve in the wild mountain country near Woodside, Utah.

Hurting forward after the two locomotives had plunged off the tracks, the smoking car, baggage car and day coach piled up in wreckage, atop the two engines, and the work of relief and rescue started immediately, as the cries of the injured reached those in the rear cars, who were awakened from their sleep.

The injured were brought to Salt Lake, little hope was held by physicians for the recovery of five of them. The six dead were identified as follows: Fred C. Rader, engineer, Grand Junction, Colo.

Edward D. Partridge, professor in mathematics, Brigham Young University, Provo, Utah.

Mrs. E. C. White, Soldier Summit, Utah.

Mrs. Irene Mohr, Salt Lake City.

Arthur Dokey, longshoreman, Great Lakes, Ill.

The cause of the wreck was unknown to officials of the railroad, they announced. No cause can be assigned, it was said, pending the arrival of investigators, sent by the road to the scene of the wreck.

Huge Still Discovered  
A 500-gallon still was discovered in full blast late last night on the premises of Max Miller, 1221 Carlton Way, Venice, by a raiding party headed by Chief of Police McCausland and Prohibition Officer Mosher. In the room with the still fifty-three barrels of mash, 100 gallons of corn liquor, more than 1000 pounds of sugar and other material were found. A search in being made for Miller.

STATE BODY TO HEAR EXCESSIVE RATE CASE  
(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, May 3.—The State Railroad Commission today granted the Southern Pacific Company until June 15 to make a showing regarding complaints by meat packing companies in California that the railroad charged them excessive rates. The June date was set in the expectation that the Interstate Commerce Commission would reach a decision on the same complaints before that time.

CHILD LABOR LAW SOUGHT  
(BY A. P. NIGHT WIRE)  
SACRAMENTO, May 3.—The State Senate adopted an Assembly joint resolution by Miss Broughton, a concurrent resolution by Mrs. Miller to have the Legislature extend to the Grand Army of the Republic an invitation to hold its 1924 encampment in Pasadena.

Victory for Sun Yat-Sen  
HONGKONG, May 4.—Southern Constitutional forces of Sun Yat-Sen, the Canton leader, are reported to have gained a decisive victory over the army menacing Canton. The enemy, outfanked, is said to have been routed after fighting in which both sides suffered the severest casualties.

Believed Killed in Brawl  
Arrived as expected today in the investigation into the death of Jose Chavez, 25 years of age, 185 Locust avenue, Long Beach, whose body was found Wednesday on the outskirts of Wilmington. Positive identification of the man was made yesterday. He was believed to have had relatives in Dallas, Tex. Chavez was believed to have been killed in a brawl.

Florida Goods Banned Unless Floggings Stop  
(EXCLUSIVE DISPATCH)  
NEW YORK, May 3.—A boycott by housekeepers of the Bronx against all products from Florida, until flogging is prohibited in that State, was begun today by members of the Tremont Tenants League with more than 4000 members, after a resolution suggesting such pressure against Florida had been unanimously adopted at a meeting of the league Wednesday night.

Joseph Romayne is president of the league. There were 300 members present at the meeting.

### NOTE CLEARS AIR DESPITE ATTITUDE TAKEN BY FRANCE

(BY WYTHE WILLIAMS)  
(BY CABLE-EXCLUSIVE DISPATCH)  
(Copyright, 1923, Public Law.)  
PARIS, May 3.—Despite the fulminations of the majority press, the ravings of big political leaders and the quick decision of the Cabinet that Germany's reparations offer is unacceptable, the situations between France and Germany already is clearer than it has been in months.

The flicker of sunlight which has penetrated the fog with Germany's offer already is fading and pessimism is general, but there is good ground for belief that within a couple of months Germany will meet not only France at the council table, but her allies—including possibly the United States—in order to settle the differences once and for all.

I am free to admit that sounds strangely optimistic when one reads Andre Tardieu's statement today to the effect that the Versailles Treaty is now torn up, when one reads Saint Brice calmly advocating that France now go ahead and read from Germany the last sentence.

TRUTH COMING OUT  
But just the same between the lines the truth of the matter is gradually coming out. France is slowly beginning to realize that the affair of the Ruhr comes under two departments—the department of occupation and the department of final adjustment. It has been excellent for national pride to see France in the initial period of her occupation, it is plain she cannot go on indefinitely. Although the full facts were not divulged, much was made plain at the last session.

Paris Protests Foreign Vessel Liquor Ruling  
(BY CABLE-EXCLUSIVE DISPATCH)  
PARIS, May 3.—Premier Poincare today dictated an energetic protest against the Supreme Court decision forbidding liquor on foreign ships within the three-mile limit.

Since the government subsidizes the French line application of the rule would make impossible a continuance of navigation with French crews, the Premier holds the passage of the rule directly inimical to the French interests.

### Santa Barbara Girl Weds Rich Young Spaniard

(BY CABLE-EXCLUSIVE DISPATCH)  
(Copyright, 1923, by the Chicago Tribune.)  
PARIS, May 3.—An international wedding today brought out the American and Spanish colonies in Paris to the brilliant ceremony at the American Episcopal Church of Miss Beatrice Cabrera of Santa Barbara, Cal., and Miguel Sans of Madrid.

The bride's father, J. C. Cabrera, recently obtained a decree of doctor of philosophy at Madrid University after lecturing on popular success in the Spanish capital. The couple will go on their honeymoon to Italy and make their future home in Paris. The bridegroom is a wealthy young Spaniard, widely known here.

The Spanish Ambassador and other notables were present.

### CUNO MAY BE FORCED OUT

German Socialists Criticize Reparations Note and May Form New Government

(BY JOHN CLAYTON)  
(BY CABLE-EXCLUSIVE DISPATCH)  
(Copyright, 1923, by the Chicago Tribune.)  
BERLIN, May 3.—As soon as the news that the French Council of Ministers had refused to consider the terms of the German note had reached Berlin, the leaders of all the Socialist parties conferred at the headquarters.

It is reliably reported tonight that the conference discussed the possibility of forming a new government in which the Socialist parties would dominate. That Chancellor Cuno may resign in a few days is more than a rumor, and is being discussed as most likely.

The Socialists and Social Democrats, constituting the strength of the left, strongly criticize the note as weak and unconstructive admission.

## STUDENTS FACE STIFF GRILLING

Thorough Quiz Into Evanston Death Promised

Thirty Classmates of Victim Closely Questioned

Movements of Dead Youth on Fatal Night Checked

(EXCLUSIVE DISPATCH.)  
CHICAGO, May 3.—Timing of the movements preceding the death of Leighton Mount was an important factor tonight in the questioning by Assistant State Attorneys of thirty students of Northwestern University who took part in the fatal "class rush" of Sept. 21, 1921. Every student who participated

—all the freshmen and sophomores of that semester—are to be closely questioned on orders issued today by State Attorney Crowe, who telephoned his office from West Haven, Ind., to "get to the bottom; spare no one; favor no one; find out who killed Leighton Mount." The work started immediately. Grand jury subpoenas, forthwith, were issued for every student whose name was known to the authorities.

Detectives in seven automobiles toured Evanston, picking up every one for whom they had subpoenas. John Tomlinson, regarded as an important witness, could not be found.

**TESTIMONY IMPORTANT**  
On several occasions Tomlinson asserted he saw Mount alive on the day after the "rush" that is now regarded as having culminated in Mount's death. None of the others ever admitted seeing Mount after 3 a.m. on the day following the annual freshmen-sophomore clash. In Evanston it was reported that Arthur Persinger had left the city this morning for his home in Dixon, Ill., but attaches of the State's Attorney's office said they had word he would appear. It was he who was rescued from the lake on the night of Mount's death, and his story of the hazing prank that might have resulted fatally for him differs from that of his two rescuers. Hereafter he has persistently refused to name the students who bound him to a plank and left him far out from shore.

**STORIES VARY**  
The officials were told that he knows the names of his "hazers" and they are determined to write the information from him. His rescuers appeared and told of finding him, bound hand and foot, on a plank supported by three piles logs, where he might have been drowned if a wind arose. They fixed the time as 9 p.m. Previous reports to the authorities were that Persinger said the occurrence was in the afternoon.

Incidents pieced together from the many stories by the students tonight evolved the theory that Persinger's treatment might have brought retaliation on the freshmen, Persinger having been a sophomore at the time. The possibility that the "soph" had decided upon a more strenuous "hazing" of certain freshmen after hearing of Persinger's experience was regarded as likely.

That brought about the expressed desire of the corps of attorneys to account for the time of all of Mount's movements that night, as well as those of every other student in the various clashes of the night. Fitch's testimony proved Mount alive at 3 a.m.

**CALL GIRL'S FATHER**  
Axel Lonnquist, whose daughter Audrey was married to Fred Scott, nephew of President Walter Dill Scott, was subpoenaed. Assistant State Attorney Peden had information that when Mr. Lonnquist obtained the annulment of the marriage he had said:

"If I told what I know of Scott, it would rock the foundation of the Northwestern University." Fred Scott is a son of Prof. John Scott of Northwestern, and a nephew of the president. The annulment proceedings were brought on the ground that he "hypnotized" the girl into marriage, and that both were under John Scott, son of President Scott admitted today that he participated in the "rush of twenty-one" despite his father's orders to the contrary.

Other students questioned tonight gave no important information.

## Obregon Act in Palomas Case Leads to Suit

(EXCLUSIVE DISPATCH.)  
CHIHUAHUA (Mex.) May 3.—Following the refusal of President Alvaro Obregon to grant the request of William G. McAfee, attorney for the Palomas Land and Cattle Company, to rescind his official decree for the expropriation of the 1,500,000-acre tract of land owned by the company, suit has been filed in the Federal court of this State to determine the legality of the Presidential decree. The land in question forms one of the largest and best-equipped American cattle ranches in Mexico, it is stated.

The final decision of the Federal court in this case is expected to have far-reaching effect, especially in the matter of determining the government's future agrarian policy.

**SENATOR SMOOT SEES SOLDIERS' BONUS PASS**

(EXCLUSIVE DISPATCH.)  
WASHINGTON, May 3.—Passage of a soldiers' bonus bill by the new Congress is inevitable and the country must expect no tax reduction, Senator Smoot, Republican, Utah, the next chairman of the Senate Finance Committee, declared today. President Harding will be powerless to block the bonus this time by exercise of the veto, in the opinion of Senator Smoot.

Because Senator Smoot supports President Harding in his insistence that if Congress passes a bonus bill it must carry a sales tax to raise the money for it, his flat-footed declaration that a bonus law is inevitable was accepted as unusually significant. "We cannot base permanent revenue legislation on one year's showing," he said. "We do not know what 1923 business will produce in the way of taxes. To open the entire subject of taxation on hopes, especially in view of the approaching bonus legislation, would be foolish. As I see it, the only thing to do is to stand on present laws for the time being until we see how we are coming out."

"Can't there be quite a slash in taxes once the bonus is out of the way?" Senator Smoot was asked. "Can't there?" he repeated. "Why just as sure as fate service pensions to veterans of the World War will come after the soldier bonus. This is but the entering wedge. The country might as well face the prospect. When pensions start there will be no decrease in government expenditures possible for a generation."

# We are FORCED to change our plans!

We are frank to confess that the colossal, the astounding, success of the sale of Beautiful Bellehurst Park, Glendale, has placed us in a rather awkward situation.

Wonderful as we knew Bellehurst Park to be, the finest property unquestionably in all Southern California—we were not prepared to see shrewd investors and seekers for the ONE IDEAL homesite of the Southland come thronging in and purchase the entire first unit in four short weeks.

Over a million in sales in only a little over a month!

From our experience in placing on sale a thousand acres of high-class residential property in the Piedmont and Berkeley Hills of the San Francisco Bay district, what we really HAD FIGURED ON was the sale of the first ONE-HALF of Bellehurst Park in four months' time, which would give plenty of opportunity to get the SECOND ONE-HALF ready for placing on sale in the early fall.

Apparently there is no chance of carrying out any such program.

What we are face to face with today is an insistent and clamorous demand for "more" of Bellehurst Park "at once."

Not scores, but literally hundreds of investors and homeseekers, disappointed in securing just the lot they wanted in the first half of Bellehurst Park are just waiting the word "GO" to come in and carve out for themselves a choice money-making morsel of the second one-half of this matchless property.

We are forced to change all our plans.

We accede to this tremendous demand with which we are confronted.

For two weeks past a dozen crews of engineers have been working under forced draft to

get the second half of Bellehurst Park ready for you.

Tomorrow look in the papers for our first formal announcement in Los Angeles of the second one-half of Bellehurst Park.

## Important facts about the FINAL HALF of Beautiful Bellehurst Park

Hillside Villa Sites With Wonderful Views

High, wide, level lots covered with bearing oranges, lemons, olives and grapefruit. Also magnificent shade trees of many varieties.

Full restrictions protect the future value of the property.

Improvements included in purchase price.

Pacific Electric trains to and from downtown Glendale and Los Angeles pass within two blocks. Excellent frequent service.

Only 7 blocks to the business center of Glendale.

All lots over 650 feet above sea level.

Magnificent views of valley and mountains with the city at your feet.

Pre-opening prices way below surrounding values and on easy terms.

Destined to be one of Southern California's most famous home communities as developed by the Walter H. Leimert Co.

It is our judgment that the rush and excitement over the second one-half will excel and eclipse the sensational events accompanying our first sale in Southern California.

For there is no question about it, when you study the whole Southern California situation over, there is no property that combines safety with money-making opportunity to such a degree as lots in this 200-acre old estate in the heart of forward-marching Glendale.

A word about the character of this second unit.

A part is wooded with palms, oaks and magnolias, groves of oranges, grapefruit and olives, and lies high, fertile and level.

A part is wholly different, NOT level, but foothill slopes; picturesque various shaped sites, commanding magnificent vistas—rivaling the finest of the Hollywood and Beverly foothills, just as close in and only a fraction of the Hollywood price.

First comers will secure the specially picturesque and scenic parcels of the winding roads of this magnificent foothill section.

Do not delay a moment. BEFORE our big formal announcement of tomorrow is the BEST TIME OF ALL to make your selection. Get AHEAD of the crowd.

PADDON NATIONAL BODY STROJA

Athletic War Is Caused by Fastest Human

(BY A. P. HIGHT WIRE.)  
NEW YORK, May 3.—Frederick W. Rubien, secretary of the Amateur Athletic Union, announced tonight that Paddock, California sprinter, had automatically disqualified himself as an amateur within the jurisdiction of the A.A.U. by participating today in an international students' track meet at Paris.

Gen. Palmer E. Pierce, president of the National Collegiate Athletic Association, issued a statement stating the N.C.A.A. had no ground for objection to the action. The rival statements loomed the opinion of competent observers as the initial skirmish in the athletic war with international complications, precipitated by Paddock's defiance of the A.A.U. The face of that body's desire for opposition to foreign competition this year by American athletes. Gen. Pierce's statement, in which he declared the Paris meet had been induced by the A.A.U. as part of the general program of athletic encouragement was the first definite intimation that Paddock had the backing of American authorities in his move. The student organization under whose auspices the California sprinter appeared in Paris, again declared its independence of athletic governing bodies and announced a purpose to conduct an Olympic meet for the benefit of college performers. Whether or not a step of such radical nature in this country was not indicated by Gen. Pierce.

It was surmised when news was announced that the A.A.U. had prohibited Paddock from participating in these games, that Pierce's statement. The N.C.A.A. approved the program of the underwriting that it was a vigorous program, stimulate in the universities of Europe a greater interest and more general participation in athletics.

The N.C.A.A. is unaware of objection to these games, and controversy over Paddock's participation in them has not been brought to its attention. I am in a position to comment on

## PADDOCK EQUALS WORLD RECORD AND IS DISQUALIFIED BY A.A.U. NATIONAL COLLEGIATE BODY STANDS BEHIND TROJAN SPRINT FLASH

### Athletic War Is Caused by Fastest Human

(BY A. P. MONT WIRE.)  
NEW YORK, May 3.—While the athletic war between the American Amateur Athletic Union and the National Collegiate Athletic Association, precipitated by Paddock's entry into the 100-meter race here today, the record was established by Engdahl, famous Swedish runner.

### Famous Speed King Feature at Paris Meet

(BY CARL SCHULTZ DISPATCH.)  
PARIS, May 3.—Charles William Paddock, sensational University of Southern California sprint star, competing against the edict of the American Amateur Athletic Union, tied the world's record of 16 1/2 seconds in a special 100-meter race here today. The record was established by Engdahl, famous Swedish runner.

The rival statements issued, in the opinion of competent observers, as the initial skirmish in an athletic war with international complications, precipitated by Paddock's defiance of the A.A.U. in the face of that body's determined opposition to foreign competition in the 100-meter race here today, the record was established by Engdahl, famous Swedish runner.

The opening events of the first international students' athletic meet were held here today, but the work of Paddock was the only feature.

The A.A.U. would not grant Paddock permission to take part in the Paris meet, but the American sprinter came anyway, as he said he ran his first collegiate race in Paris and wanted to close his college career as a sprinter here also. The A.A.U. threatened to professionalize Paddock, should he compete in the meet here, but it is not thought that the body will take away the sprint king's amateur standing.

The finals in the international meet here will be staged tomorrow.

Gen. Paddock's statement, in which he declared that the Paris meet had been induced by the N.C.A.A. as an act of the general program of athletic encouragement, has been indorsed by the N.C.A.A. as the first definite intimation of the student organization, under whose auspices the California appeared in Paris, yesterday.

The student organization, which has been in the forefront of the Olympic movement, has been in the forefront of the Olympic movement, has been in the forefront of the Olympic movement.

It was surprised when newspapermen announced that the A.A.U. had prohibited Paddock from taking part in these games, said Paddock's statement. The N.C.A.A. approved the project and the understanding that it was a part of the general program to stimulate in the universities and colleges of Europe a greater interest in the Olympic movement.

The N.C.A.A. is unaware of any action to these games and, a statement over Paddock's participation, in them has not been made. It is believed that the N.C.A.A. is in a position to comment on the matter.

### DR. WILLING IS THE BIG HERO

Pacific Coast Star Upsets All the Dope

Ties With Francis Ouimet for the Lead

Bob Gardner Also Beats All the Britishers

BY TED RAY

(BY CARL SCHULTZ DISPATCH.)  
SANDWICH (Eng.) May 3.—American day for amateur golfers reached England on St. George's Day. Their association with the patron saint of England took another step when they lifted our most valuable trophy—the St. George Cup—on St. George's links at Sandwich.

The hero of the day was D. R. Willing of Oregon, who did what was never expected of him. The illustrious Ouimet, or Bob Gardner, was expected to be up in front, but he has beaten a big field of powerful British golfers. He and Ouimet tied for the trophy, with Bob Gardner holding down third position and the Britishers trailing along behind them. What a prelude to the amateur program!

For forty years in England had held the cup of St. George. It was never taken from us until today, when Ouimet and Willing finished on top. Its destination is America, and it is merely a question of whether Willing or Ouimet will pack it. Willing was not taken seriously even when he led the field yesterday.

"Yes," spoke the experts. "He is having one of those miracle runs which every good golfer produces now and then, but he will never hold off the bounds which will chase him tomorrow."

But Willing did just that, and only one of his own countenance caught him. Willing is not a spectacular player, but he is an irritating man to have for an opponent. You may outdrive him but you will never get a straight line, and you will marvel at the accuracy of his approaches. He was not quite so good today as yesterday, but he was good enough to hold the field.

When Bob Gardner came in with a score that placed him third and a mere stroke behind his competitors, all interest centered on the Britishers who had chances of stopping the trophy from going abroad.

Whethered, Torrance and Honorable Michael Scott all were in good position. Whethered took thirty-eight to go out, and there fore had to do something warm on the way home, but he began to press a little and found trouble.

He reached the sixteenth and had eight strokes in hand. Four for each hole for a tie. On the seventeenth he lammed the ball and found the bunker, going for the length. That was the finish, for he took six to hole out.

Michael Scott looked as if he was doing much better. He averaged four for the first ten holes and then, if he could have gone like that, he would have been a winner. But not he. He finished badly. Fives and sixes began to happen when the British enthusiasts were praying for birdies and eagles.

There was a great solid triumph for America. To win the first three places was a wonderful achievement. It showed the strength of the United States was not varied in any one player. The most disappointing of the Americans was Jesse Sweetser, who seemed out of touch with his putter. Yesterday he missed a lot of putts, and those of us who had seen him putting them down on Kye greens were amazed at his failure. Going out today he missed more and when going toward home he declared after missing one it happened again he would throw up the sponge. Well, it happened again, so he retired.

The White Line Radiator

### Oaks' First-String Backstop

Former Beaver Catcher Now With Oakland Club

Del Baker, who formerly did the receiving for the Portland Beavers, is now handling the shots of Ivan Howard's string of moundmen. Baker is doing the job of the backstop for the Oaks, with Chet Thomas, a member of two world championship teams, and then, The Oaks are at present engaged in a series with the Vernon Tigers at Washington Park.

### OAKS WHACK YE BENGALS

Hustling Acorns Swoop Down Hard on Jackie May and Drive Him From Box in Third

BY HARRY A. WILLIAMS

The Oaks were harder to stop yesterday than a log raft rushing down a swift river, and submerged Vernon in the third game of the series, 14 to 3.

The visitors added insult to injury by trimming two of the top-line Tiger twirlers, knocking Jackie May off the mound in the third, and then pounding Wheeler Dell in a free and easy manner. Also, the Vernon defense was rather sieve-like.

Harry Krause, Oakland southpaw, was in subtle form, yielding only two hits in five rounds, after which he eased up.

The Oaks became overbearing in the second, and the sound of tambourines was heard early in the bull pen. McGaffigan opened with a stiff one off May's glove to Sawyer, and beat it for a hit.

Wheeler Dell, who was in the same way at the same place, following this double the left one to left-field wall scored McGaffigan. Cather drove to Warner, who tossed to Smith, nailing Cooper at first.

Clayton was nailed in the same way at the same place, following this double the left one to left-field wall scored McGaffigan. Cather drove to Warner, who tossed to Smith, nailing Cooper at first.

Clayton was nailed in the same way at the same place, following this double the left one to left-field wall scored McGaffigan. Cather drove to Warner, who tossed to Smith, nailing Cooper at first.

### MINOR DETAILS BLOCK SIGNING

Boxing Managers Fail to Clinch Big Match

Dempsey-Gibbons Bout Will be Closed Today

Jimmy Daugherty May be Third Man in Ring

(BY A. P. MONT WIRE.)

CHICAGO, May 3.—Failure to agree on a few minor details after the question of a referee had been practically settled, prevented the signing of articles tonight closing a fifteen-round heavyweight championship match between Jack Dempsey, the titleholder, and Tom Gibbons, the St. Paul challenger, at Shelby, Mont., July 4.

Jack Kearns, manager of the heavyweight champion, and Mike Collins, matchmaker for the promoter, said the articles would be signed tomorrow. The reason for the delay in signing was because Kearns wanted the certified check for \$110,000 turned into cash at once.

Jimmy Daugherty, veteran referee of Philadelphia, probably will be selected third man in the ring tomorrow. Daugherty was Kearns' only choice. Eddie Kane, manager of Gibbons, objected, claiming Daugherty was too friendly to both Kearns and Dempsey, but after several hours of discussion Kane practically agreed to Daugherty.

In addition to the referee issue the question of insuring the boxers also came in for discussion. Neither Collins nor Loy Molumby, a Great Falls, Mont., lawyer, representing the promoters, desired to turn over the \$110,000 to Kearns without assurance that Dempsey would go through with his part of the agreement.

Ironing out the minor details of the match proved to be a problem because neither Kearns nor Kane for reasons best known to themselves, were on speaking terms. The controversy was carried through the medium of Collins.

Collins was kept on the run all afternoon in his attempt to break up the deadlock over the selection of a referee.

"I am ready to sign at any time," Kearns said. "All I want is the promoters to go through with the offer they made me. I came on from New York for the purpose of signing and will do so the moment my demands, which I do not consider unreasonable, are met. I do not intend to let July 4 go by without having Dempsey box somebody, and I don't care whether it is Gibbons or Pirovano or any other heavyweight who wants a shot at the championship." Collins said tonight that the majority undoubtedly be closed tomorrow.

Pete Herman Loses Bout to Boxer Hackley

The C.P.O. boxing carnival at Los Angeles Harbor last night drew a crowd of over 2000 rabid fans. The bouts were exciting and were hugely enjoyed. The sport, however, was somewhat marred by several bad decisions.

In the first of the double main event, Jimmy Hackley of the U.S.S. Precept defeated Pete Herman of Los Angeles. In the other half of the double event, Harry Mark and another heavyweight were scheduled to fight, but the fight was abandoned because of a surprise party.

Johnny Martin of Los Angeles got a draw with Sailor Akol, former champion, suffered defeat at the hands of Leo Baralaga of Long Beach. Snyder's defeat came in the way of a surprise party.

Joe Pironne Hurls Coffeyville to Top

According to a telegram received here last night, Joe Pironne, former secretary of the Greater Southern California Baseball Association and well-known semipro player, got off to a good start with the Coffeyville club by twirling his team to an club win over Sapulpa. The victory put Coffeyville in first place. A single by Pironne in the ninth inning started a rally that resulted in four runs.

ARIZONA QUAIL FOR GUGGENHEIM

TUCSON (Ariz.) April 30.—Sonoran mountain and valley quail are being farmed on the estate of M. H. Guggenheim on Long Island, at Babylon, with hope they will find climate and conditions to their liking. The birds were fed and rested here.

### WALKER IS WINNER IN THE SIXTH

Welter Champ Has Little Trouble Putting Morrie Schlaifer Away

(EXCLUSIVE DISPATCH.)

CHICAGO, May 3.—Mickey Walker of Elizabeth, N. J., welterweight champion, stopped Morrie Schlaifer of Omaha in the sixth round of a scheduled ten-session contest here tonight.

After the Omaha boy had been knocked down three times and rose again, Referee Harry Ertle of New Jersey stopped the contest, with the corn husker out on his feet, but willing to continue.

Walker started to show his class in the fourth round. He jabbed Schlaifer with his left hand and crossed his right to the head and body. He used the one-two punch repeatedly, and hooked his left to the body in rapid succession. He had a wide margin at the end of the round. The fifth was a repetition of the fourth, with Walker carrying the fight to his opponent and slipping punches in faultless fashion. At times he blocked Schlaifer's wild swings in the air and countered with either hand.

In the sixth round both traded rights at the top of the ball. The fight was close quarters and changed body blows. After the round was fifty seconds old, Walker ripped a left to the body and then brought it to the jaw. Schlaifer dropped to the canvas, but made the fatal mistake of getting up before Referee Ertle started to count.

Quick as a flash Walker was on top of him and sent him down again with a solid right to the jaw. Showing a fighter's heart, the Omaha boy again staggered to his feet and tried to fight back, only to be sent reeling against the ropes with another right cross. At this juncture Referee Ertle stopped the contest.

BOWLING TOURNEY ON SUNDAY NIGHT

Eddie Clinek announces that a doubles sweepstakes bowling tournament will be put on at the Angelus Academy alley Sunday night. The play will be the last chance for the combination to get in trim for the Catala championship tournament at San Jose.

A postponed match in the individual tournament for the Southern California championship and for the U.S.S. Precept trophy will be played tonight between William Phillips and Clarence Turner. On Monday, five 1-man teams that play at the Angelus Academy, will leave for San Jose to take part in the Coast championships.

ARNEILL PLAYS IN FINE FORM

Covers Annandale Course in Two Over Par

Fred Barber Also Shoots a Brilliant Game

Henderson is Eliminated by R. D. Skelly

BY BOB LOCKE

The second round of the annual Annandale Country Club invitational tournament was completed yesterday with some of the best golf of the tournament being played. Almost every match was close and the golf all day was nearly perfect. During the day the lowest scores of the event were turned in by Fred Barber and John Arneill.

Close Match

The match was not on ice for him at any time, however, as Hughes, shooting a seventy-six, forced the issue all the way. Hughes had a little trouble during the match and dropped three balls out of bounds which would alone disturb the best of golfers a little.

The scores of the match were as follows:

Arneill 72, Hughes 76, Barber 74, Henderson 78, Skelly 79.

Henderson is Eliminated by R. D. Skelly

BY BOB LOCKE

The second round of the annual Annandale Country Club invitational tournament was completed yesterday with some of the best golf of the tournament being played. Almost every match was close and the golf all day was nearly perfect. During the day the lowest scores of the event were turned in by Fred Barber and John Arneill.

Close Match

The match was not on ice for him at any time, however, as Hughes, shooting a seventy-six, forced the issue all the way. Hughes had a little trouble during the match and dropped three balls out of bounds which would alone disturb the best of golfers a little.

The scores of the match were as follows:

Arneill 72, Hughes 76, Barber 74, Henderson 78, Skelly 79.

Another of the good matches of the day was between Fred Barber and W. Beckwith. In several of the past tournaments these two have met and due to his cleverness and consistency Beckwith has been able to keep on top of the fray. Yesterday Barber came through with a bang and slipped one over on his elders by a score of 2 and 1.

Both men were playing good golf as is shown by the cards that were turned in by them. Barber shot a 75, next to low man for the tournament, and Beckwith shot a 76.

THEIR SCORES WERE:

Arneill 72, Barber 74, Henderson 78, Skelly 79, Hughes 76.

HENDERSON OUT

E. C. Henderson, Trojan coach, took a tumble yesterday at the hands of R. D. Skelly to the tune of a 3-and-1 score. Skelly was playing a fine short game and had his iron shots running. Henderson, on the other hand seemed to be bucking against his putting, which was far below his usual form.

In the defeated eight matches

## California Prep Athletes Will Show Well at Chicago

## CHIEF BURNS VISITS TEPEES

Head of California Indians at Del Monte

Has Long Conference With Secretary Turner

All is Set for Big Opening Next Monday

[EXCLUSIVE DISPATCH.]  
DE MONTE, May 4.—Paul M. Burns, chief of the California Indians, was at Del Monte over the weekend to confer with Secretary of the Interior, C. D. Brown, regarding the annual sport pow-wow which opens next week. An attractive program of events has been mapped out. The program is as follows:

Monday, the 7th inst., Blind Boggy, golf competition and a 100-target trapshooting practice event.

Tuesday, 100 bird trapshooting event in the morning, opening a three-day tournament; shooters to be classified as follows: Class A, 94 per cent and over; Class B, 91 to 94 per cent; Class C, 88 to 91 per cent; Class D, under 85 per cent. Shooters are requested to stand up the night before entering. There will be an eighteen-hole medal competition on the golf course in the afternoon.

## BIRD EVENT

Wednesday, 100 bird event at the traps in the morning and qualifying round of the Indians' golf tournament in the afternoon. Thursday, 100 bird event in the morning and first round match play in the golf tournament in the afternoon. Friday, 100 bird trapshooting event for a live bull donated by

## WILLIE KAMM KNOCKED COLD

[EXCLUSIVE DISPATCH.]

CHICAGO, May 3.—Willie Kamm, the \$100,000 third baseman of the Chicago White Sox, was temporarily a total loss in the seventh inning of the Sox-Browns game at Comiskey park today when he was knocked unconscious by a ball thrown by Gerber, the St. Louis shortstop. Gerber was attempting to complete a double play. Willie resumed play after the doctors brought him to and told him where he was.

Tom A. Work, annual meeting and banquet in the evening. The 100-bird event in the morning to open a two-day trapshooting tournament. Fifty target double event. Semi-finals of the golf tournament in the afternoon.

## GOLF FINALS

Sunday, 100 bird trapshooting event in the morning. The Everard yardage handicap. Finals in the golf tournament in the afternoon.

A new clubhouse will be in readiness for the Indians at the new location at the upper end of the polo field. The Monterey tribe Indians have already entered two squads composed of Work, Teaby, Richman, Klasko, Frisbie, and McFadden, Coltrane, D. McFadden, Varian and Appleton. Practically every section of the State will have one or more squads at the traps.

## WHITTIER COLLEGE

## BIFTS HIGH SCHOOL

The Whittier College baseball team defeated the Whittier High School lads yesterday on the college grounds. The College had five hits and two errors and the school four hits and four errors. Batteries: College, Hannan and Morris. High School, Elliott and Frederick.

## BRISK BIDDING FOR RAY FRENCH

Cincinnati Hot After Star Shortstopper

Chicago Cubs Also in Field With an Offer

Coast League Meeting is Set for May 14

Ray French continues in demand. Cincinnati, Boston, Red Sox, Brooklyn and the Chicago Cubs are the clubs seeking him. Cincinnati has offered him a bonus of \$10,000 for signing and a salary of \$3500 on the recommendation of Russ Hall, western representative of the Reds. Brooklyn has appointed J. Cal Ewing its representative in the matter. William Veeck, president of the Cubs, wired Oscar Kleechow to ascertain the terms under which French would sign. Veeck's wire was sent from St. Louis, indicating that he had gone there to ascertain the condition of Charley Hollocher and had decided that he would be in shape to play for some time.

## NEEDS TALENT

Cincinnati already is strong in the infield, but Chicago needs talent. Frank Chance seems eager to land French for the Red Sox. There are close trading relations between the Red Sox and Yankees, and French might eventually find himself back with the latter club. Business Manager Reichow has received a letter from J. Cal Ewing, president of the Oakland club, stating that the latter has signed a call for a Coast League meeting on May 14 to consider establishing working relations with the majors. The call, which has been sent to Portland to be signed by the representative of that club, will reach Los Angeles about Monday. It is probable the meeting will be held in San Francisco.

Duncan Van Buren of the Vernon club will leave soon for a scouting trip through some of the small leagues to see if he can round up some young talent.

## ARNEILL PLAYS IN FINE FORM

(Continued from First Page)

possibly the best was between Max Behr and Earl Neilson. The former won by a score of 1 up. Behr was playing fine golf and when he sank a stroke on the thirteenth hole he came out of the clubhouse looking frayed and started on his way to the win. The battle was uphill for Behr all the way.

Starting times will be the same today as they were yesterday. Complete results follow:

Continental Club, starting time today 10 a.m.  
1st. M. Arnold defeated E. H. Hooten, 2 and 1.  
2nd. E. H. Hooten defeated M. Arnold, 1 and 1.  
3rd. M. Arnold defeated E. H. Hooten, 2 and 1.  
4th. E. H. Hooten defeated M. Arnold, 1 and 1.  
5th. M. Arnold defeated E. H. Hooten, 2 and 1.

12th. E. H. Hooten defeated M. Arnold, 1 and 1.  
13th. M. Arnold defeated E. H. Hooten, 2 and 1.  
14th. E. H. Hooten defeated M. Arnold, 1 and 1.  
15th. M. Arnold defeated E. H. Hooten, 2 and 1.  
16th. E. H. Hooten defeated M. Arnold, 1 and 1.  
17th. M. Arnold defeated E. H. Hooten, 2 and 1.  
18th. E. H. Hooten defeated M. Arnold, 1 and 1.  
19th. M. Arnold defeated E. H. Hooten, 2 and 1.  
20th. E. H. Hooten defeated M. Arnold, 1 and 1.

## BEAVERS TRIUMPH AND GO INTO LEAD

(BY A. P. MONT WIRE.)

PORTLAND (Or.) May 3.—The Beavers won their seventh straight game today and their third from Seattle and went to the top of the Pacific Coast League standings while Vernon was losing to Oakland. The score was 4 to 3. Pitcher Blake for Seattle had the Beavers defeated 2 to 2 up to the ninth. Poole's single started a rally. Gressett popped a fly that fell safe. Cox attempted to sacrifice but Poole was caught at third. On Brazil's drive to right, Gressett scoring from second, was hit by the plate by Eldred's throw, but he came in so hard that Taryan dropped the ball and retired immediately afterward with a spike wound in the hand. Jones was walked on Wolverton's orders and then with the bases full and the count three and two on Onslow, Blake could not get it over, walked him and forced in the winning run. Score:

## SPORT SHAPPEL

Great batters, apparently are never made. They are just naturally that way.

But there is a possibility that the ordinary batter and the weak hitter may be improved. It is on this theory that Donavan Van Buren, at the request of Esack, undertook the task of coaching the batters.

Vernon is the first club in the Coast League, and perhaps in any of the minors, to carry an assistant manager whose sole duty during the spring is to coach batters. Usually, if there is a specialist added to the managerial force, he is a coach of pitchers or catchers.

If Van Buren can improve the stickwork of any of the regulars so much the better. This has been previously attempted without particularly conspicuous success. Van Buren does not expect to achieve the impossible. Spectacularly, his chief ambition is not so much to improve batters who are set in their ways, as to develop new ones. For the reason much of his time is devoted to the younger players.

It is self-evident that any player who has been in class AA company for a number of years is a pretty good stickler. Otherwise he would not be here. And to attempt to change a set system might have a result opposite from that sought.

But it appears to be Van Buren's idea that if a player is taken early and before he has developed a wrong style he may be made into a better hitter than he otherwise would have been. Which sounds both logical and sensible. Van is not a faddist or a theorist. There is a lot of sound baseball wisdom stored away under his old cap.

This is purely an experiment, and I do not know just how much may be accomplished. Van is stated with complete frankness. "However, I believe that by taking them young we may be able to bring about some definite improvement. If I can succeed in starting them right it should help."

Van Buren is a great student of batters, and probably always will be. When playing ball, always during practice he was to be found standing on one of the four bases, not far from the plate, and analyzing the swing of every man. He chose the Stars Meet even in the time last year I think Nash could count on first place in the event. "Morton Kaser, the Red Bluff lad who runs the low hurdles in twenty-five seconds certainly could win that event, and I think he could also place in the high hurdles. Harry Smith of San Diego set a national record of twelve feet, eleven and seven-eighths inches in the pole vault, and he would be sure of a first in that event. The East wants to see that boy in action."

Persons are likely to do best those things they are most interested in, and by the same token their mind is on those things. Van not only will continue to study batters from the bench during the regular season, but he will also study them during the off-season. He will probably get other players interested in doing the same thing.

Jack Hutchinson, famous golfer, goes to bat for baseball as follows: "The greatest game of all to watch is baseball. When I say that I am not throwing any cold water on golf, I mean it. It is a better game from a health standpoint, because age is not a bar to playing, and it does not call for the strenuous exertion of baseball. However, no one would think for a minute of arguing that golf is as interesting to watch. I continue to play it, but can't watch it very long. I always thought it took a game person to follow two golfers around on a hot day."

"In golf the thrills are limited, most of the experts become so mechanical in their play that the matches are rather mechanical. In golf, the biggest thrills come when some expert player makes a poor shot. A sliced shot or a missed short putt is what makes the spectators gasp. Most Englishmen enthuse over cricket, but I don't. I like to watch soccer, like it better than the American brand of football. I can also continue over a horse race. However, the greatest game to watch is baseball."

Then, as an afterthought, Jack adds: "I believe I would have been a big leaguer had I taken up baseball instead of golf when I was a kid."

It was ever thus. It probably would be hard to convince Babe Ruth that he wouldn't today be the open golf champion had he not taken up baseball.

## ATHLETIC WAR IS STIRRED UP

(Continued from First Page)

attitude of the A.A.U. in this matter because of my uncertainty as to the grounds for the action taken by it. It is my understanding that these games are being conducted under rules and regulations that pertain to amateur athletic contests."

What action the board of governors will take, however, Mr. Rubie would not predict, saying that it would be taken up when Paddock returns. It was pointed out that should Paddock's suspension extend over next year, he would be ineligible to compete in the 1924 Olympics, but the Californians were quoted as saying this would be his last season on the cinderpaths.

## OLIVER STRONG FOR TRIP EAST

Thinks California Athletes Would Star at Chicago

Must Raise \$3000 at State Meet to Send a Team

Big Batch of Classy Preps in West This Year

"California high school athletes, on the average year by year, are just as good if not a little better than those representing other States in the Union. Our record books convince me of that. What we want to do is prove it to the nation as a whole."

E. W. Oliver, vice-principal of Los Angeles High School and with Harry J. Moon of Long Beach in charge of the State Meet to be held May 12 at Patterson Field, Occidental College, was enthusiastic over the chances of sending a strong team to the National Interscholastic track and field championships which are to be held on May 24 at Stagg Field, Chicago.

"I'll tell you this," said Oliver yesterday, "if the people get behind us on this and turn out for the State Meet as we expect them to the necessary \$3000 will be raised and California will send a dozen athletes to Chicago that will make a name for themselves. Chaffey won the annual meet a few weeks back, and two years ago Eddie Borden of Vallejo took three first places and gave his little school second place in the team scores. Last year four California schools placed above ninth."

## CHECKS OVER MEN

"It will be interesting to check over the men who, if sent East, ought to score points. I think our best all-around runner is Nichols, the Huntington Beach lad. Nichols runs the high hurdles in 14 seconds, which certainly should give him at least second place if not first. He pole vaults twelve feet, and there was a time when this was the world's record. But times have changed, and we cannot figure him for better than fifth. He high jumps 5 feet 11 inches, and the event was won at 5 feet 10 last year.

"Dickens of Huntington Beach pole vaults 12 feet 5 inches and should place second. His time of 13-10 marks him as a candidate for fourth place in the high hurdles. Milton Nash runs the 440 in 1:13-5, and as Shaw of Monrovia won the Stagg Meet even in the time last year I think Nash could count on first place in the event. "Morton Kaser, the Red Bluff lad who runs the low hurdles in twenty-five seconds certainly could win that event, and I think he could also place in the high hurdles. Harry Smith of San Diego set a national record of twelve feet, eleven and seven-eighths inches in the pole vault, and he would be sure of a first in that event. The East wants to see that boy in action."

"There is always much interest in the sprinters. California has the sprinters this year. Hershall Smith of San Fernando, who won the 220 at Chicago last year, and who also placed second in the 100-yard dash, is back and could probably do as well this year. There is also Woodward, the colored boy from Jefferson, who equaled Charley Paddock's high school 220 record of 22 1-2."

"Myers of Chaffey and Regal of Mountain View throw the discus around 125 feet, and they could be counted on to place well in the event at Chicago. Laux of Butler hurled the javelin over 154 feet, while Kaser of Red Bluff and Caldwell both threw over 150 feet, and at least one of these should place. "If we get the money to send a team east we will not only make a strong bid for team honors, but we will capture a majority of first and second places. California needs this publicity. Let's go east, I say, and make them all look west."

"There is always much interest in the sprinters. California has the sprinters this year. Hershall Smith of San Fernando, who won the 220 at Chicago last year, and who also placed second in the 100-yard dash, is back and could probably do as well this year. There is also Woodward, the colored boy from Jefferson, who equaled Charley Paddock's high school 220 record of 22 1-2."

PIRATES GET FITCHER  
(BY A. P. MONT WIRE.)  
PITTSBURGH, May 3.—Pitcher Ray Steiner, recently reinstated in organized baseball by Commissioner Landis, rejoined the Pittsburgh Nationals today.

It was ever thus. It probably would be hard to convince Babe Ruth that he wouldn't today be the open golf champion had he not taken up baseball.

attitude of the A.A.U. in this matter because of my uncertainty as to the grounds for the action taken by it. It is my understanding that these games are being conducted under rules and regulations that pertain to amateur athletic contests."

What action the board of governors will take, however, Mr. Rubie would not predict, saying that it would be taken up when Paddock returns. It was pointed out that should Paddock's suspension extend over next year, he would be ineligible to compete in the 1924 Olympics, but the Californians were quoted as saying this would be his last season on the cinderpaths.

## The FLORSHEIM SHOE

Some things have to be argued. Others are accepted. Florsheims are the accepted line of footwear with the best dressers of America. Most styles are ten dollars.

In RENO it's RED CROWN by 59%

"Red Crown" is the regular fuel of the majority of motorists of Reno, as proved by a recent check.

Standing on the corner of Virginia and Second Streets, our checker questioned the first 100 motorists who passed. Fifty-one of them used "Red Crown" as against 32 for the next most highly favored brand—a lead of 59%.

Winter or summer, north or south, "Red Crown" got the majority vote always and everywhere, because it's uniformly dependable—100% power.

You'll find "Red Crown" everywhere—wherever you drive a car. Look for the sign.

## RADIO-CABLE WAR SERIOUS

German Lines' Allocation is  
Rendered Doubtful

Wireless Rate Cuts Making  
Slash in Business

Improvements May be Held  
Up Indefinitely

BY GRAFTON WILCOX  
(EXCLUSIVE DISPATCH)

WASHINGTON, May 3.—Con-  
summation of the American plan  
for the allocation of the former  
German cables in the Atlantic is  
rendered doubtful by the rate war  
now in progress between cable  
companies and the wireless com-  
munication, and it is by no means  
certain that the radio companies will  
not cut rates further in order to  
get the cream of the trans-Atlantic  
business from the cable companies.  
If the radio companies do make  
further cuts, the cable companies

will be confronted with the neces-  
sity of meeting the cuts, or per-  
mitting a still greater volume of  
traffic to go to the radio com-  
panies. Cable between the United  
States and Europe at the present  
time are working at less than 60  
per cent capacity, officials esti-  
mated.

**FUTURE CLOUDS**  
With the radio companies con-  
stantly making headway in the  
Pacific, for business and with  
the future clouded with uncertainty  
because of the rate war, cable  
companies are hesitating to go on  
with their construction campaign,  
previously determined upon, at  
least tentatively.

When the American plan for al-  
locating the ex-German cables in the  
Pacific was worked out, it was  
understood that the United States  
would construct a cable from  
New York to Germany by way of  
the Azores, and another cable from  
New York to the Azores to con-  
nect with a Mediterranean cable  
which would connect with the  
European cable. The Italian govern-  
ment has insisted on and which the United States was  
anxious to see accomplished.

**STOCK SUBSCRIBED**  
More than two months ago, it  
was announced that the Italian  
government had engineered an  
agreement with the Western Union  
company for the construction of  
the New York-Azores cable, and  
at the same time a contract was  
let to the Carosso-Firelli interests  
to lay the Mediterranean cable,  
of which \$10,000,000 already had  
been subscribed. Under the terms  
of the agreement, the Western  
Union had the right to purchase  
one-fourth of the stock in the  
Italian company, and approximately  
\$5,000,000 toward the \$10,000,000  
was assigned from the source.  
About \$4,000,000 was subscribed  
by various Italian business inter-  
ests.

**FEAR DELAYS**  
The establishment of direct cable  
communication up the Mediter-  
ranean was expected to prove of  
immediate, tangible benefit to the  
business interests, not only of  
Italy, but of the United States as  
well, particularly in view of the  
growing activity of American capi-  
tal in the Near East. It was ex-  
plained that from Rome the cable  
would gradually be extended to  
connect with all the more impor-  
tant centers of the eastern Medi-  
terranean and the Near East, thus  
making American business interest  
independent of the British and French  
monopolies of communications now  
existing.

Fear was expressed today that  
cable companies would continue  
to hold up work on the Mediter-  
ranean, pending a clearer insight into what  
the future developments of the  
radio may mean to cable communi-  
cation.

**WOBBLY KILLED IN  
FIGHT AT ABERDEEN**

**GANG OF STRIKE PICKETS  
RUSH MILL AND WATCH-  
MAN SHOOT ONE**

(BY A. P. NIGHT WIRE)  
ABERDEEN (Wash.) May 3.—  
William McKay, I.W.W. logger,  
out on strike, was shot and fatally  
wounded this morning by E. L.  
Green, watchman at the Bay City  
lumber mill, South Aberdeen. Mc-  
Kay died an hour after the shoot-  
ing.

Stories of the affair, the first  
act of violence of the I.W.W.  
strike here, conflict. Green re-  
ports that fifteen or twenty  
I.W.W. pickets attempted to rush  
the mill gates about 7:30 this  
morning. The aged watchman was  
knocked down in the affray and  
is charged, that he was being  
beaten and was on his knees when  
he drew a revolver and fired twice,  
both bullets striking McKay in the  
head. The wounded man ran  
forty feet before falling.

The shooting occurred at the  
mill gates. The I.W.W. declare it  
took place outside the mill prop-  
erty and that it was unprovoked.  
The affair has created tension here  
and apprehension of reprisals is  
expected. Nothing has been  
learned concerning McKay. He  
was identified by his I.W.W. card.

**TOILET POWDER IS  
FATAL TO INFANTS**

(BY A. P. NIGHT WIRE)  
SACRAMENTO, May 3.—Three  
infants, all under 1 year of age,  
have died in California during the  
past five months as the result of  
accidentally inhaling a toilet pow-  
der known as steatite of zinc, ac-  
cording to death certificates filed  
with the Bureau of Vital Statistics  
of the State of California.

The death of one of the infants  
occurred in Sacramento recently  
and the other two in Oakland and  
Stockton, Plumas county, in December  
and March.

**FINE HIGHWAYS PLANNED**

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, May 3.—The  
government's program for high-  
ways in the national forests of  
California this year calls for an  
outlay of \$646,000 on five separate  
projects, it was announced here  
today by Paul G. Hedington, Dis-  
trict Forester.

## MUSSOLINI SAYS ITALY WILL PAY

But Allies Must Grant Terms  
on Debts, He Asserts

Sees Credit Establishment  
Nation's First Duty

Favors German Offer Re-  
jected by France

BY GIULIO BARELLA  
(EXCLUSIVE DISPATCH)

ROME, May 3.—Premier Mus-  
solini today received your corre-  
spondent in his new home, Chigi  
palace.

The Premier was returning from  
a ceremony organized by the Order  
of Malta, where he received the  
highest decoration, the Grand Cor-  
don of the order.

Premier Mussolini first was  
asked whether Italy intends to pay  
its debts. He replied:  
"Of course Italy must and will  
pay, provided the Allies grant  
terms enabling her to fulfill her  
duty. Such statements already  
have been made to me, but it  
would be useful to repeat the same  
due the present phase while the  
government is attempting to estab-  
lish order, discipline and sound  
economy."

When questioned about the  
financial situation, the Premier  
said:  
"Financier Destefani will deliver  
a most important speech in Milan  
on Sunday, the 12th inst., ex-  
posing the government's program for  
reaching a budget balance as  
speedily as possible. I am firmly  
convinced that the first duty of my  
government is to re-establish the  
financial solvency of the country."

Signor Destefani's speech will en-  
lighten the foreign opinion on  
Italy's tremendous efforts after the  
war to achieve financial soundness.  
The Premier's schedule for work  
calls for nineteen hours of wake-  
fulness, he said. He rises at 6  
o'clock, rides his black horse  
through the city parks and afterward  
receives ministers and state offi-  
cials throughout the morning.

The Premier's private secretary,  
Fascisti, who assists at political  
conferences, was Premier Mus-  
solini's captain during the war, when  
the Premier served as a corporal at  
Bergaglio.

Premier Mussolini has not re-  
vealed the Italian government's  
attitude with reference to the new  
German offer for a settlement with  
the Allies. It is believed that he  
will express his opinion that the Allies should  
make a counter-proposal which will  
protect the Allied interests more  
and at the same time will be ac-  
ceptable to Germany. It is be-  
lieved that he is preparing a  
memorandum, outlining a counter-  
proposal.

**FAKED YANKEE WILL  
IS CHARGED AT ROME**

**KANSAS CITY WOMAN HELD TO  
HAVE BEEN IN POWER  
OF OFFICIAL**

(BY CABLE-EXCLUSIVE DISPATCH)  
ROME, May 3.—Andre, Zeras  
Rome attorney for the late Mrs.  
Julia Woods Davies of Kansas City,  
was left her \$500,000 estate to  
"Capt. Harry L. Zeitlin, cutting  
off her husband, George W.  
Davies, is gathering evidence here  
purporting to show that Zeitlin  
was an international swindler.

Last spring Mr. and Mrs. Davies  
were in Rome. They made the ac-  
quaintance of Zeitlin, who said he  
was a Scotland Yard official. Mr.  
Davies was called home on busi-  
ness and later Zeitlin and Mrs.  
Davies disappeared together. Mrs.  
Davies finally turned up in Kansas  
City, where she told her husband  
she had saved herself by running  
away from Zeitlin. After a rec-  
onciliation with her husband Mrs.  
Davies died last December.

Recently Zeitlin has been pre-  
claiming here that the heirs to  
the estate of Mrs. Davies need not  
proceed with dividing her property  
which he possessed her latest will  
which made him heir to all. Thom-  
as Stokes of St. Louis, attorney for  
Mr. Davies, asserts that before dis-  
missing Mrs. Davies said that Zeitlin,  
through influence of Egyptian and  
Arab, induced her to sign a cer-  
tain sheet concerning which she  
remembered nothing.

**BODY OF ENGINEER  
IS FOUND IN CANAL**

(BY A. P. NIGHT WIRE)  
MERCED, May 2.—The body of  
Rex C. Starr, chief engineer of the  
Merced Irrigation District, was  
found today by district employees  
in two feet of water in a canal ten  
miles east of Merced, with a bullet  
hole through the head. A fare-  
well note to his wife was found.  
The revolver is supposed to be in  
the mud of the canal. The note  
to Mrs. Starr was several pages in  
length. It blamed overwork and  
strain of administering affairs of  
the district for the act.

"My brain refuses further to  
function, and this is the best way  
out," was one statement in the  
note. Starr was 35 years old.

**LOS ANGELES BOOKS  
WANTED IN ARIZONA**

(EXCLUSIVE DISPATCH)  
TUCSON (Ariz.) May 3.—The  
Tucson Chamber of Commerce is  
assisting university authorities in  
an effort to bring to Arizona the  
famous Munk collection of Arizo-  
niana, now housed in the South-  
west Museum, Los Angeles.  
This collection of about 15,000  
titles of books and pamphlets is  
held by the museum under gift  
from Dr. J. A. Munk.

## LAW MAKER AGAIN HELD AS MASHER

Former Congressman Says  
He Was Purifying City;  
Girl Causes His Arrest

(EXCLUSIVE DISPATCH)

WASHINGTON, May 3.—Manuel  
Herrick, the picturesque and ven-  
turesome former Congressman  
from Oklahoma, whose term was  
enlivened by frequent escapades  
with the young women of Wash-  
ington, is in trouble again.

Arrested last night for annoy-  
ing a young woman on the street,  
Herrick, who has wooed the stars  
in an airplane and been denounced  
by a hated rival as a "spark-plug  
lover," protested that he was being  
persecuted by the authorities and  
said he is now a "detective" and  
that he seeks to purify this city  
of masher who annoy the girls.

When arraigned in court today  
Herrick pleaded not guilty to the  
charge of annoying Miss Ethel  
Crane, a young woman who for-  
merly worked in his office at the  
Capitol. Hearing of the case was  
postponed until the complainant  
could be produced in court.

After Herrick was arrested a bot-  
tle of perfume was found in his  
pocket. Also in his possession was  
a notebook in which were listed  
names and addresses of girls. After  
the names were notations such as  
"good," "not so good" and "ter-  
rible."

**CONDEMNED MAN CUTS  
THROAT AND MAY DIE**

(BY A. P. NIGHT WIRE)  
MARRHFIELD (Or.) May 3.—  
L. W. Peare, under sentence to be  
hanged at Salem, June 2, for the  
murder of a neighbor, James Cul-  
ver, was today in a very serious  
condition at Coquille, where, at the  
County Jail late yesterday, he was  
found by the jailer with his throat  
cut with a safety-razor blade. As  
Peare is 65 years of age and was  
very weak today from loss of  
blood, attending physicians ex-  
pressed doubt as to his recovery.

Peare choked his wife to death  
before he killed Culver with a  
shotgun, according to evidence at  
his trial.

### Anne Morgan Gets Welcome From French

BY CABLE-EXCLUSIVE DISPATCH  
PARIS, May 3.—Anne Morgan had a reception like a visiting princess when she arrived at Havre Wednesday on the liner Paris.

The city of Havre dispatched an official committee, headed by the Mayor, to receive her. Little girls presented her with flowers in the name of the city, while a band played and the passengers cheered. Miss Morgan arrived in Paris, where she will marshal her cohorts for three "good-will" tours of France this summer. One of her regiments, which at present is visiting Nice, telegraphed a welcome to her.

### FIRE THREATENS MOJAVE

MOJAVE, May 3.—Fire last night destroyed an entire business block here and for a while threatened the whole town with destruction. The total loss is estimated at \$50,000.

## SKIPPER TRUE TO TRADITION

Goes Down on Ship, Hand in Hand With Wife

Survivor Tells Story of Foundered Bark

Victim of Raging Typhoon Off Guam Coast

(BY CABLE AND ASSOCIATED PRESS.)  
MANILA, May 3.—The tale of the wreck of the British bark Amy Turner, whose captain and his wife stood hand in hand on the deck as the vessel went down in a raging typhoon off the island of Guam March 27, was brought here today by the four survivors of the disaster which claimed the lives of nine others.

Charles West, able seaman of Melbourne, Australia, told the story.

The Amy Turner, from Newcastle, Australia, with coal, ran into

the storm March 27. For more than three days the bark fought the gale. On March 26 it became a typhoon and on the morning of March 27 the crew decided to abandon the water-logged ship.

Two boats were prepared for launching and the eleven men of the crew urged the captain and his wife to join them in what they believed to be the only means of escape from certain death. But Neil Neilson, the ship's master, and his spouse refused to leave the Amy Turner. They would go down with the ship, but they would not abandon her.

**BOATS LAUNCHED**  
Then the crew launched the two boats. West and two of his companions in one, the remaining eight of the crew in the other. As they pulled away from the side of the bark they saw the captain and Mrs. Neilson standing hand in hand on the deck until the craft took her last plunge beneath the mountainous waves.

The larger boat capsized and seven of her occupants were drowned, but the eighth, Frank Lindholm, was rescued. West and his wife's boat was hauled aboard. Then a weary voyage began.

**OUT NEARLY MONTH**  
A sail was rigged on the small craft and for nearly eight days the castaways ploughed through wide expanses of water until they reached Surigao, where they were rescued.

They had a small supply of canned meat and when this was exhausted they managed to catch a dolphin, which they ate raw. Later the water ran out, but after a day's thirst a small blow up with heavy rain and they refilled their case.

After landing at Surigao they were sent to Manila, where they arrived today.

**HISTORY OF BOAT**  
(BY A. P. NEWS WIRE.)  
VANCOUVER (B. C.) May 3.—The British bark Amy Turner, which sank off the island of Guam March 27, with the loss of nine lives, had been owned in Vancouver, Victoria and San Francisco. She was built in Boston in 1877. In 1916 after she had become a hulk she left here for China under command of Capt. Lindgren, a well-known mariner on the Pacific. He took her to the Columbia River, to complete cargo, but became ill and died in Portland. After she reached Shanghai the vessel was sold to Vincent Bend Sin, a Chinese merchant, who used her in South Sea trading. She was burned and scuttled in Sydney Harbor but was put into commission again.

**SCHOOL BOND ISSUES IN STATE ARE HEAVY**

(BY A. P. NEWS WIRE.)  
SACRAMENTO, May 3.—Various school districts of California have bonded themselves for almost \$100,000,000 during the last four years for the purpose of building school buildings and purchasing school sites and equipment. The returns from forty-nine of the fifty-eight counties of the State show school bond issues of \$86,465,820, voted since 1919. It is significant that \$46,532,000, or more than half of this amount, was voted in 1922. San Francisco and Los Angeles being responsible for much of this amount. These figures were compiled by Prof. F. W. Hart of the University of California and released by Will C. Wood, Superintendent of Public Instruction, today.

**HARDING VOICES HOPE FOR EUROPEAN RELIEF**

(BY A. P. NEWS WIRE.)  
ST. LOUIS, May 3.—Hope for the relief of the suffering in Central Europe was expressed by President Harding in a letter to Henry W. Block of this city, secretary of the executive committee of the Chicago conference of November 14, 1922, for the relief of starvation in Germany and Austria.

The letter, dated April 28, says of the Newbill bill, which provides for governmental aid:

"It has been my hope that something of a practical character might be accomplished during the recent session of Congress which would open a way to some sort of co-operation between the United States and the proper organizations for the relief of suffering in Central Europe."

## FASCIST LEADER LEAVES CABINET

Advocate of Big Stick Will Retain Militia Post

Mussolini Reported Upset by Force Demand

Premier Believed in Control of Situation

(BY V. DE SANTO)  
(BY CABLE-EXCLUSIVE DISPATCH.)  
[Copyright, 1923, by the Chicago Tribune.]  
ROME, May 3.—Deputy De Vecchi, one of the staunchest supporters of Premier Mussolini during the Fascist revolution and afterward a leader in the organization of the national Fascist militia, resigned yesterday from his post of Undersecretary of State for Finance.

This resignation is interpreted by some as evidence of internal trouble in the Fascist party. Lately two ideas have been developing among the Fascist leaders with reference to the policies to be followed. Mussolini, it is said, stands for moderation. He has asserted many times that he came to build and not to destroy, to reinforce and not to abolish the law and constitution.

De Vecchi is an exponent of Fascism to the utmost, welding the big stick and forcing the Fascist program on all. Recently the deputy made a statement at Turin to the effect that the Fascist could settle any question raised by their opponents "with half an hour of martial law and one minute of cannonading."

**GAG APPLIED**  
It is asserted that the statement greatly perturbed Mussolini, who immediately issued orders that no Fascist leader should make a speech on important political questions without first obtaining his approval.

Some attribute De Vecchi's resignation to Mussolini's desire to mitigate the bad impression made by the former's "grave blunder" and also to prove that the Premier does not hold De Vecchi's idea of big stick rule.

The general impression is that De Vecchi's resignation was demanded by Mussolini and that it will have no consequences of serious character in well-informed circles. It is said that Mussolini still continues to have the situation well in hand.

**POES SEE RIFT**  
The opposition declares that this is the first sign of the disintegration of the Fascist party.

In answer to rumors regarding symptoms of the disintegration of the Fascist party, De Vecchi issued a statement saying that he considered it his duty to resign his Cabinet post in order not to create difficulties for Mussolini. He asserted, however, that he did not resign as a Fascist or as a collaborator of Mussolini and he further affirmed that he will remain at his post as a general of the Fascist militia.

**SAN DIEGO MAN SUICIDE**  
(EXCLUSIVE DISPATCH.)  
SAN DIEGO, May 3.—Walter P. Moore, former Councilman and for years prominent in business and fraternal circles, committed suicide at Escondido today according to word received this afternoon. The body was found in a small closet, in which a gas jet was turned on full. Ill health is believed to have prompted Moore to end his life, according to friends.

**A Good Thing—Don't Miss It**  
Send your name and address plainly written together with 5 cents (and this slip) to Chamberlain's Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchitis, "flu" and whooping coughs, and tacking "throat." Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gas, pain, that crowd the heart, biliousness and constipation. Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles and skin afflictions; these valued family medicines for only 5 cents. Don't miss it.—(Advertisement.)

## RECLAIM MORE ARIZONA LAND

Forty Thousand Acres to Be Used on Salt River

New Roosevelt Irrigation District Is Formed

Ratification Is Expected at Vote on 22nd Inst.

(EXCLUSIVE DISPATCH.)  
PHOENIX (Ariz.) May 3.—About 40,000 acres of land is to be added to the cultivated expanse of the Salt River Valley through the Roosevelt Irrigation District, lately formed to succeed the Carrick & Mangham enterprise. The Carrick & Mangham company, a firm, a couple of years ago, obtained an option, from the Salt River Valley Water Users' Association, on the surplus water pumped by the association from drainage wells west of Phoenix, with possible reference also to waste and flood-time flows through the association's four canals that end at the Agua Fria.

The plan found opposition from a number of landowners in the district to be served. Last week Carrick & Mangham submitted an amended plan, under which their rights and surveys will be taken over by the Roosevelt district. This plan is to be submitted to an acreage vote on the 22nd inst., and there is no doubt of ratification.

Water is to be taken from the association canal system at a point about fifteen miles west of Phoenix and conducted by siphon under the bed of the Agua Fria. Thence a large head canal will be constructed, paralleling the southern slope of the old Rio Mountains nearly thirty miles, as far as the Haseyampa River. The land to be irrigated is of superior quality, with an even slope southward to the Buckeye canal, which has its head on the Gila River, just below the mouth of the Agua Fria. It once was included within the scope of the old Rio Verde Canal system. Within it are a number of areas now irrigated by pumping, with notable mention of the Litchfield project of the Southwest Cotton Company, which has its own branch railway from the Buckeye division of the Arizona Eastern system, which connects on to the Haseyampa, wholly within the new irrigation project.

The project also is tapped by the county highway system, leading to Buckeye and westward to the Coast by the Yuma, Ehrenborg or Parker routes.

**FLEET FOR WORLD IS PROPOSED**

French Official Wants League Action Instead of Arms Pact

(BY CABLE-EXCLUSIVE DISPATCH.)  
PARIS, May 3.—Gustave De Kerguel, president of the Naval Commission of the French Senate, speaking at a luncheon of the Anglo-American press, urged that the League of Nations be invoked for the creation of an international fleet to preserve the freedom of the seas. He said that would be a better solution of the problem than the Washington arms pact, with its difficulties and misunderstandings. He affirmed the report that it was to be ratified by the French Chamber of Deputies probably at the next session; that this ratification will be followed by Senate approval within fifteen days. He added that there certainly would be inserted reservations pertaining to submarines and airplanes, intimating that otherwise Great Britain, the United States and Japan might at any time invite France to refrain from all activities along these lines.

He insisted that France only desired a defensive fleet and that she never would build a fleet for foreign aggression.

## MUSEUM IS ASSURED BY ASSOCIATION

Arizonans Form Body to Maintain Collections in Phoenix Quarters

(EXCLUSIVE DISPATCH.)  
PHOENIX, May 3.—Under the auspices of the Daughters of the American Revolution an Arizona Museum association has been formed in Phoenix. It is headed by Mrs. E. E. Oldaker, who for more than a year has been chair-

man of the D.A.R. committee that has maintained a museum collection. In the new organization is included representatives of the Society of Arizona Pioneers, Woman's Club, Friday Club, Council of Jewish Women, Sons of the American Revolution, Phoenix Players, College Club, St. Mary's Club, Native Sons and Daughters, Chamber of Commerce, Rotary Club, Kiwanis Club, Brush and Pencil Club, Roosevelt District Woman's Club, Women's Club of Glendale, United Daughters of the Confederacy, Business and Professional Women's Club, Musicians' Club, State Federation of Women's Clubs, State and Phoenix organizations of the D.A.R., Harmony Club and several veteran and patriotic societies. Formal incorporation has been effected. Present plans are for obtaining

quarters not only for housing the collection, but with provision of ample room for display of the works of local and visiting artists, while there is hope of the addition of a theater later.

**RUSSIA AND JAPAN TO RENEW CONFERENCES**

SOVIET ENVOY WILL GO TO TOKIO; TRADE MAY BE RENEWED

(BY CABLE-EXCLUSIVE DISPATCH.)  
TOKIO, May 3.—Adolph Joffe, the Soviet envoy, now at Atami, is coming to Tokio Friday. His visit is regarded as a favorable omen in the unofficial negotiations conducted by Viscount Goto, former Mayor of Tokio, and while it may

not indicate early official resumption of trade, it at least means a move in that direction.

Owing to M. Joffe's arrival at the capital, Goto has abandoned his plan to dispatch a communication to Moscow, bringing the position of his last conversation.

For political reasons the party leaders have stated time to resume relations with Russia has not arrived. Joffe has not arrived. Leaders are ready to resume position any time. They are hard-pressed by the situation of trade relations, which is steadily.

## NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos del Times que estudian en lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Un conocimiento práctico del español es de grandísima utilidad en este país, especialmente en el suroeste; como lo demuestra el hecho de que en Los Angeles solamente hay más de 15,000 personas que estudian ese idioma con profesores oficiales o particulares. Para esos estudiantes será un buen ejercicio leer todos los días esta sección, donde encontrarán las palabras y frases más usuales del lenguaje español.

### NOTAS TELEGRAFICAS

Noticias de Washington

WASHINGTON, mayo 3.—La guerra de tarifas que priva ahora entre las compañías de cables, va a impedir tal vez que se acabe el proyecto americano de asignación de los antiguos cables alemanes del Atlántico.

Manuel Herrick, aviador y antiguo miembro del Congreso por Oklahoma, ha sido arrestado por el delito de molestar a una señora en la esquina de una calle.

El senador republicano de Utah, que va a ser el jefe de la próxima Comisión de Hacienda, dice que en el próximo período se seguro se aprobará la ley del plan del soldado. Iniciará también las reducciones de impuestos.

El Diputado Graham, republicano de Illinois, va a presentar un proyecto de ley para que los "quien" por completo los barcos americanos en todas partes del mundo.

El Ministro de Estado Hughes dijo a su auditorio que este gobierno está tratando de que todos los países impidan, por legal, la entrada de todos los narcóticos, excepto la de aquellos que se usen con fines medicinales o científicos.

Investigación en la Muerte de un Estudiante

CHICAGO, mayo 3.—El Procurador del Estado, Robert E. Crowe, recibió anoche formal instancia que mancomunadamente firmas Walter Hill, Scott, Prater y de la Universidad, y el Consejo de Fideicomisarios, para que instituya una investigación de Gran Jurado en el caso de la muerte de Lighthouse Mount, estudiante de la Universidad del Noroeste, que desapareció el 21 de septiembre de 1921, después de un encuentro entre dos clases.

En Los Angeles será la Conferencia sobre Planes de Ciudad

BALTIMORE (Maryland) mayo 3.—La conferencia nacional sobre planes de ciudad, al clausurar ayer su decimocuarta sesión anual, acogió a Lighthouse Mount, el lugar donde habrá de celebrarse el mitin del año próximo. Fue elocuente George B. Ford, de Nueva York.

Arden las Oficinas de la Tribuna

TAMPAICO (México) mayo 3.—Las oficinas de la Tribuna, único periódico americano de México, así como el edificio de la Sociedad Cristiana de Fomento, quedaron destruidos ayer por un incendio, habiendo muerto, de resultas de este, residentes en el edificio, un soldado lustrador de las mías. Las pérdidas materiales subirán probablemente a 400,000 pesos.

NOTAS LOCALES

Los Reyes Envia Parabienes a los Aviladores

En el campo de Rockwell, en San Diego, habieron hoy los oficiales del ejército una botella de café hecho en la ciudad de Nueva York, y así calientes, para brindar por los Tenientes Oakley Kelly y John A. MacReady, al finalizar la sesión, a las 12:17 p.m., el primer vuelo transcontinental sin parada que se ha hecho en la historia de la aviación. El cómputo oficial del tiempo empleado fue de 26h. 56m. 28.2-s., y el recorrido fue de 2400 millas aproximadamente.

Ambos valerosos aviadores y el siguiente monoplano en el que realizaron el vuelo, terminaron el largo viaje en espléndida forma. No pasó la tarde de ayer sin que estos dos jóvenes, tenedores de muchos récords mundiales de aviación, recibieran telegramas y cablegramas congratulatorios del Presidente Harding, el Rey Jorge V de Inglaterra, el Rey Gustavo de Suecia, los más significativos clubes franceses de aviación y los clubes aeronáuticos de Italia, Suecia y Dinamarca. Los mensajes siguieron llegando sin interrupción.

Vida que Acusa a un Hombre de Haber Casado su Ruina Total

La Sra. Laura Hazelle, viuda con tres hijos, entabló ayer juicio por \$150,000 contra Charles C. Boydston, hombre casado, que al día de la quiebra, ha arruinado la vida de esta, destruido su salud, y privándola de la posesión de su inalienable derecho a la libertad y al honorable cumplimiento de sus deberes de mujer y de madre. La demanda fue presentada por el Abogado Walter C. Fisher.

Afirmó la Sra. Hazelle que, desde que conoció a Boydston hace ocho años, ha sido esta en su vida una continuada influencia maligna. Afirmó que, en esa época, era viuda y tenía tres hijos. Boydston la visitaba, diciéndole que era soltero, y haciéndole bromes sobre la corte. También manifestaba un amor paternal por la hija de esta, y ofrecía fundar un hogar para madre e hijo. En esta inteligencia, invitó ella a vivir en su casa, pero, un poco más tarde, se refirió la pasión del amante. Resolvió entonces la Sra. Hazelle, según ella se casó con William Hazelle, que Boydston ejercía sobre ella, y se casó con Boydston, del que vivió felizmente con él por algún tiempo. Pero, repentinamente, según diciendo su demanda, reaparece Boydston, y la hace otra vez el amor ardiente, hasta provocar un rompimiento con su marido, que se termina en divorcio. Añade la Sra. Hazelle que halló entonces trabajo como enfermera profesional en un sanatorio de Woodford, a donde Boydston la siguió, persuadiéndola a obrar de modo tal, que fue despedida de su empleo. Llevó a Santa Mónica, donde vivieron maritalmente, prometiéndole que iba a divorciarse desde luego de su mujer para casarse con la Hazelle inmediatamente. Dice esta, que en esa época y en muchas ocasiones anteriores la ha presionado como su esposa. Legitimó.

DEPORTES

Golf

El día de América en el torneo de aficionados de golf en Inglaterra fue el día de San Jorge, el santo patrón de Inglaterra, creó de punto cuando se restaron los jugadores de este país, en el campo de golf en San Jorge, en Sandwich, el valeroso trofeo que lleva el nombre de Copa de San Jorge.

Los torneos de segunda tanda del torneo anual de golf del Club Campestre de Annandale, nos

dieron oportunidad de ver muy lucido juego de golf, especialmente en la tanda del campeonato. J. M. Arnell, al vencer a M. E. Hughes por 2 y 2, presentó una anotación de 73 para los 18 agujeros.

Patagonia

Tod Morgan, la sensación de 128 libras de Vallejo, que ha ganado por decisión a algunos de los mejores de su clase en esta costa, incluso a Joe Coffey, Spec Rames y Joe Murphy, será mañana contra Frankie McLean en esta noche, en el número principal del tablado de la Legión Americana en Hollywood.

Batallas

Glenn E. Warner, "papa de todos ellos" en lo tocante a la instrucción futbolística, y principal consultor del campamento de Stanford, comenzó el lunes la última semana de entrenamiento de primavera en Palo Alto, y en ella ha tratado de dar a los Cardenales los conceptos para un nuevo y modificado sistema de ofensiva, que pondrán en práctica Andy Kerr y Tiny Thornhill al dirigir a los once titos en el difícil programa de la conferencia del próximo otoño.

Baseball

El gran juego de baseball de la temporada del Sudoeste va a disputarse el 15 de mayo, en Phoenix, entre la Universidad de Stanford y la de Arizona.

Woman Found With Kidnaped Boy Arrested

WATERTOWN (N. Y.) May 3.—Verber Alexander, 6-year-old son of a Schenectady (N. Y.) radio engineer, who was kidnaped three days ago, was found at Theresa, N. Y., this afternoon by Sheriff J. J. Waterman.

The boy was unharmed. Guarding him in the small cottage was an elderly woman, who was arrested by the officer. Her name has not yet been learned.

The two men who had rented the cottage a week before the child was kidnaped had disappeared, saying they were returning. They rented the house from a Mr. Jarvis, who, reading of the disappearance of the boy, became anxious when the men arrived with him and notified the authorities.

**DAILY MARKET LETTER OF  
THE NEW YORK COMMERCIAL**

**NEW YORK, May 3.**—The Cal-  
ifornia Prune and Apricot Grow-  
ers Association in a bulletin to  
the trade April 28 says: "We do  
not expect to quote prices on  
prunes or apricots for a few weeks  
but will endeavor to wire prices  
early in May."  
Since the issuing of the above  
report, however, the market for  
dried apricots has been so chaotic  
that it is now thought probable  
that the association will withhold  
its price on the fruit until the  
market becomes more settled. Just  
when the opening basis for prunes  
will be made is as yet uncertain,  
but the prices are expected any  
time now.

**CITRUS FRUITS**  
Florida oranges declined 35 to  
50 cents. Prices were quoted at  
a range of from \$2.12 to \$2.30 per  
box; grapefruit showed no quota  
change.  
California pineapples sold at \$3.65  
to \$4.25.

**COFFEE, TEA**  
The coffee futures market  
opened 3 to 5 points higher. De-  
spite a reaction of some 10 to 12  
points was seen from the best  
part of the day, the market  
showed net loss of 1 to 6 points.  
Although there is materially less  
activity in the market for tea  
than was the case a few weeks  
ago the slackening of activity has  
not been at the expense of prices.  
In no case is there noteworthy  
concession from the levels of  
prices operative here for some  
time past.

**CRUDE OIL**  
Further reductions in leading  
grades of crude oil featured to-  
day's developments in the oil sit-  
uation.  
Pennsylvania crude was reduced  
25 cents a barrel as were other  
grades of eastern oils with the ex-  
ception of Corning, which was in-  
creased 15 cents and Ragland, which  
remained unchanged. These were  
the second series of reductions in  
eastern grades since the beginning  
of the year, the first having been  
made last April 12.

**SUGAR MARKET**  
Liquidation of holdings in the  
shape of contracts for raw sugar  
futures principally by outside in-  
terests on the sugar exchange to-  
day.

**PRICES ARE MIXED IN  
DAY'S BOND TRADING**

**MOST FOREIGN ISSUES MOVE  
TO SLIGHTLY LOWER  
POSITIONS**  
BY A. W. HUNT  
NEW YORK, May 3.—With the  
exception of a slightly increased  
demand for United States govern-  
ment bonds and firmer prices for  
railroad mortgages, prices in to-  
day's trading in bonds were mixed,  
with a majority of the foreign  
bonds moving to lower ground.  
The French issues were offered  
freely as the result of the French  
rejection of the German reparations  
offer, losses ranging from 1 to  
1 1/2 points. Chinese 1 per cent  
bonds were off 1/4 and Haiti 6 1/2  
1/2. United States government bonds  
were up from 5-32 to 5-32 of a  
point, with the exception of the  
tax-exempt 3 1/2s, which were off  
1-32 of a point. The 4 1/2s were up  
1/2 point, and the 5 1/2s were up  
1/2 point. The 6 1/2s were up  
1/2 point, and the 7 1/2s were up  
1/2 point. The 8 1/2s were up  
1/2 point, and the 9 1/2s were up  
1/2 point. The 10 1/2s were up  
1/2 point, and the 11 1/2s were up  
1/2 point. The 12 1/2s were up  
1/2 point, and the 13 1/2s were up  
1/2 point. The 14 1/2s were up  
1/2 point, and the 15 1/2s were up  
1/2 point. The 16 1/2s were up  
1/2 point, and the 17 1/2s were up  
1/2 point. The 18 1/2s were up  
1/2 point, and the 19 1/2s were up  
1/2 point. The 20 1/2s were up  
1/2 point, and the 21 1/2s were up  
1/2 point. The 22 1/2s were up  
1/2 point, and the 23 1/2s were up  
1/2 point. The 24 1/2s were up  
1/2 point, and the 25 1/2s were up  
1/2 point. The 26 1/2s were up  
1/2 point, and the 27 1/2s were up  
1/2 point. The 28 1/2s were up  
1/2 point, and the 29 1/2s were up  
1/2 point. The 30 1/2s were up  
1/2 point, and the 31 1/2s were up  
1/2 point. The 32 1/2s were up  
1/2 point, and the 33 1/2s were up  
1/2 point. The 34 1/2s were up  
1/2 point, and the 35 1/2s were up  
1/2 point. The 36 1/2s were up  
1/2 point, and the 37 1/2s were up  
1/2 point. The 38 1/2s were up  
1/2 point, and the 39 1/2s were up  
1/2 point. The 40 1/2s were up  
1/2 point, and the 41 1/2s were up  
1/2 point. The 42 1/2s were up  
1/2 point, and the 43 1/2s were up  
1/2 point. The 44 1/2s were up  
1/2 point, and the 45 1/2s were up  
1/2 point. The 46 1/2s were up  
1/2 point, and the 47 1/2s were up  
1/2 point. The 48 1/2s were up  
1/2 point, and the 49 1/2s were up  
1/2 point. The 50 1/2s were up  
1/2 point, and the 51 1/2s were up  
1/2 point. The 52 1/2s were up  
1/2 point, and the 53 1/2s were up  
1/2 point. The 54 1/2s were up  
1/2 point, and the 55 1/2s were up  
1/2 point. The 56 1/2s were up  
1/2 point, and the 57 1/2s were up  
1/2 point. The 58 1/2s were up  
1/2 point, and the 59 1/2s were up  
1/2 point. The 60 1/2s were up  
1/2 point, and the 61 1/2s were up  
1/2 point. The 62 1/2s were up  
1/2 point, and the 63 1/2s were up  
1/2 point. The 64 1/2s were up  
1/2 point, and the 65 1/2s were up  
1/2 point. The 66 1/2s were up  
1/2 point, and the 67 1/2s were up  
1/2 point. The 68 1/2s were up  
1/2 point, and the 69 1/2s were up  
1/2 point. The 70 1/2s were up  
1/2 point, and the 71 1/2s were up  
1/2 point. The 72 1/2s were up  
1/2 point, and the 73 1/2s were up  
1/2 point. The 74 1/2s were up  
1/2 point, and the 75 1/2s were up  
1/2 point. The 76 1/2s were up  
1/2 point, and the 77 1/2s were up  
1/2 point. The 78 1/2s were up  
1/2 point, and the 79 1/2s were up  
1/2 point. The 80 1/2s were up  
1/2 point, and the 81 1/2s were up  
1/2 point. The 82 1/2s were up  
1/2 point, and the 83 1/2s were up  
1/2 point. The 84 1/2s were up  
1/2 point, and the 85 1/2s were up  
1/2 point. The 86 1/2s were up  
1/2 point, and the 87 1/2s were up  
1/2 point. The 88 1/2s were up  
1/2 point, and the 89 1/2s were up  
1/2 point. The 90 1/2s were up  
1/2 point, and the 91 1/2s were up  
1/2 point. The 92 1/2s were up  
1/2 point, and the 93 1/2s were up  
1/2 point. The 94 1/2s were up  
1/2 point, and the 95 1/2s were up  
1/2 point. The 96 1/2s were up  
1/2 point, and the 97 1/2s were up  
1/2 point. The 98 1/2s were up

# A Great Valley-Empire that Water has Brought to Life

MARICOPA County, Salt River Valley, Arizona, is larger than the entire state of Massachusetts. Nature has blessed this valley with a wonderful climate for growing crops a year round, and with an incredible depth of fertile soil. Yet, until the year 1909, before the completion of the great Roosevelt Dam and Distributing System, a large portion of this land was desert—overgrown with mesquite and cactus.

Today, Salt River Valley is a paradise of fruitful farms. Over two hundred thousand acres of highly productive and intensively cultivated lands are yielding rich treasures of crops and live stock.

Within 10 years, the value of Maricopa County crops jumped from \$2,545,534 to \$24,054,416, and the population of the county was practically trebled. This magical feat was accomplished by WATER—represented by the Roosevelt Project.

## Salt River Valley Water Users \$1,500,000 Serial 6% Gold Bonds

The original Roosevelt Project did not take advantage of all the opportunities for developing power and reclaiming land. The purpose of the \$1,500,000 issue of Salt River Valley Water Users Association bonds is to increase the storage capacity of Roosevelt Dam and to construct another dam further down the river, and to build power plants, thereby reclaiming more land and developing additional power which is estimated to increase the revenue \$500,000 per year, or one-third the entire amount of the issue.

These bonds are unusually well secured, being a direct obligation of the Salt River Valley Water Users Association, and a lien prior to all mortgages. The average assessment per acre by principal and interest on this issue is only 91 cents. Assessments have already been levied to pay the full amount of principal and interest.

PRICE: 99 and Interest, to Yield about 6.10%

### Appear in a Movie Next Sunday

Sunday at 2:00 P. M. Roy H. Klumb with such famous stars as Monte Banks, the Sedgewick family, Fritzie Ridgeway, and many others, will start taking the first scenes of an oil field drama. Volunteers from among our visitors will be asked to assist in numerous scenes and Mr. Klumb expects to screen types that will fit into the great production being made. We invite the public to watch them, hear them and meet them. If you drive, just follow our signs out Telegraph Road, or if you prefer, phone Main 3236, the U. S. FINANCE CO., Fiscal Agents for the C. C. Stall Oil Association, and reserve a place in one of the comfortable private cars that will go directly to the lease.

## "THIS WARNING" "IS MEANT" "FOR YOU" "YOU HAVE" 4 "DAYS MORE"

"And even this means maybe."

I've talked to you on my present issue every day for the past ten days. "I've tried to impress you with the unusual merit it embraces," and right here let me tell you again that I "conscientiously believe" it is the "safest," "soundest" and "surest" big dividend paying oil investment that was ever submitted by myself or any other operator, and you know as well as I do that I have handed you "some pretty rich plums."

I've always made it a policy to refer to an oil investment as more or less speculative, but on this issue if you can show me how it is possible for us "to make a losing," I would like to hear your story.

However, let me assure you of this: While you are sitting back waiting, "the wise investor is eating up my issue."

I might refer to this 3-well issue De Luxe as a speculation with a "safety valve" against possible loss.

"A quarter of a million dollars" for my Santa Fe Springs lease alone, "that's the safety valve," and if I do drill in a producer at Compton, I will drill you three more on the same tract there, without another dime from you, or, in other words, six wells for the price of three.

I'm telling you it's a "Stem Winder" all the way.

There are only 7500 units at \$100 each, and there are not so many open right this minute, so take a tip from me and "step on the gas."

### NEW YORK CURB

Lowest Small

(BY A. P. HUNT, WIRE.)

NEW YORK, May 3.—Stress in today's market continued to yield selling pressure, but not to a few more the losses were comparatively small.

(C) were again the center of speculative interest. Gulf Oil held 2 1/2 points to 8 1/2 in response to a report of a new lease in the Gulf of Mexico.

One of the features of the industrial list was the sharp drop of Glaxo Aids Coal, based on speculative expectation of favorable dividend.

The stock market closed at 100.00, down 1/4 from 100 1/4 on the day.

Chosen in the index group were small and common stocks, but the heavy loss of Glaxo Aids Coal was a factor in the decline.

### DAILY TALK ON TRADE GIVEN

(Continued from Twelfth Page)

has long since passed the experimental stage and is now in the process of strong financial development.

"The marvelous increase in bank deposits still continues a source of wonder to the eastern banker, who is keen for news from this section. He seems to be remarkably well informed of facts concerning our growth, for one is kept busy answering inquiries from others."

"The status of business conditions in the east of us is roughly divided by the Mississippi River. Business in those States to the west, which are largely agricultural, is still sluggish and passing through a period of slow reconstruction, reflecting largely the continued depression in the farming industry."

To the east there is a noticeable speeding up in all lines. Labor still remembers the lessons taught by the recent depression. It is accordingly responding efficiently and in a spirit of co-operation. Manufacturing is on a firm basis; money is plentiful for necessary purposes; buying activity and the confidence of the people practically normal.

There is, however, no immediate sign of inflation, and the confidence of the people is not shaken by the banking interests are alert to see that this movement does not again face eastern industry. There is every reason to believe that the East as a whole is in the midst of an era of well-deserved and conservative prosperity. This of course means an added impulse to the growth and development of Los Angeles for we still substantially reflect eastern prosperity."

WORLD TRADERS

The World Traders of Los Angeles held a dinner meeting last evening at the City Club devoted to the outlook of domestic and foreign trade in raw, semi-manufactured, and manufactured products of wool, native to the Pacific Southwest.

Lemuel J. Coburn, president of the Pioneer-Pacific Wool Growers' Union, presided, and Los Angeles' newest industry was given an opportunity to explain how it expects to meet the growing demands for the manufacture of wool products on the Pacific Coast, and the possibilities of marketing woolen fabrics in the Orient.

H. F. Gardner, vice-president of the company was the principal speaker, and other Coast leaders in the textile industry were present. Mr. Gardner took occasion to tell the World Traders that the raw material (wool) is at our doors in unlimited quantities, assuring manufacturers prompt delivery and low freight cost. In the course of his comprehensive argument the speaker also developed the following points:

Australian wool is used in making some grades of cloth. Development of manufacturing here will surely result in quicker delivery and lower freight cost than to Atlantic ports.

There is an unlimited demand for wool products. The United States of America consumes and absorbs more than the national output at present.

Wool products are not hampered by monopoly as to purchasers or restrictions as to output. It is a free market to manufacturers in this country. The marketing situation for wool staples is in a far better position for manufacturers than that of steel, coal or oil.

The climate and living conditions here bring labor freely. The labor supply is ample and of the highest quality as to skill and citizenship. Most employees are home owners and many live at a distance from their work, which is not possible in New England.

Production and investment cost here are a great advantage.

STATISTICIANS MEET

The Western Statistical Association organized by progressive Los Angeles statisticians for the discussion of problems incidental to their craft and to foster the development of statistical research has elected the following roster of executives:

President, Victor R. Killick, Independent Petroleum Marketers' Association; vice-president, Prof. Elmer S. Nelson, University of California; secretary, James E. Ball, University of Southern California; treasurer, L. M. Maynard, consulting economist, Librarian, William E. O'Brien, A. W. Coote & Co.; counselors, George G. Ellis, R. H. Norris and Prof. J. J. Eberle.

It was decided that applications for charter membership should be received until further notice. A membership drive is planned for the immediate future.

The president announced receipt of a proposal whereby the association may co-operate in the study of the population problem in Southern California in relation to the industrial supremacy of this region; the aim being to direct promotional effort so population and industry will grow hand in hand. At present population is far exceeding industrial growth.

The following program committee was appointed: L. M. Maynard, G. I. Ball, J. R. Douglas. At the next meeting the association will present the first program devoted to statistical problems and business research.

## THERE IS NO WEAK LINK

INVESTORS in all classes will find in the stock of the First Federal Securities Company an investment of exceptional appeal.

From the standpoint of security it is uncommonly sound. The Company's capital is at all times secured by liquid or liquidable assets.

From the standpoint of yield it is unusually attractive. Present dividends are at the rate of 8% per annum, payable monthly.

From the standpoint of stability it is unsurpassed. The company is operating in a permanent, growing field and is not affected by the market fluctuations of commodities or securities.

From the standpoint of management it is all that could be desired. The Company is under the direction of widely experienced and successful business men of the highest standing.

So, no matter what your investment policy may be, you will find it to your advantage to analyze this offering.

Write today for descriptive circular.

Educator Speaks on Student  
and Politics

BY BEN A. MARSHON

The Times broadcast studio last night hosted a brilliant assemblage of artists and entertainers, specially attractions being provided by Kirk Frederick, violinist, composer and conductor, and Waring's Pennsylvania, syncopators, de-

Kirk Frederick has won a tremendous success in vaudeville, having evolved a style of presenting violin classics interspersed with popular melodies. He calls his act "Musical Moments."

Admiration was drawn last night by his remarkable versatility. His interpretative powers are attested to the finest moods of the emotions played. He defines the great beauty of the standard classics by Beethoven, Bach and Spohr, always admirable conception of a bolder theme by later composers, the Russian, for example, and yet imbues a deftness and quickness to modern numbers which may look upon as crass in the structure and meaning. His tones are pure and even, excellent in every way.

Mr. Frederick was formerly concert master of the Philharmonic Society Orchestra, Helmsford, conductor of the Elsinore Philharmonic Band of Denmark, toured as violin soloist in Europe for three seasons, and has made six continental American tours under the management of Col. William Thompson and William Radcliffe. He is now under the management of Ford Howell of Los Angeles, and is presenting his act with Edward Bergstrom as accompanist. Mr. Bergstrom is an accomplished artist of the piano.

Mr. Frederick was formerly concert master of the Philharmonic Society Orchestra, Helmsford, conductor of the Elsinore Philharmonic Band of Denmark, toured as violin soloist in Europe for three seasons, and has made six continental American tours under the management of Col. William Thompson and William Radcliffe. He is now under the management of Ford Howell of Los Angeles, and is presenting his act with Edward Bergstrom as accompanist. Mr. Bergstrom is an accomplished artist of the piano.

COLLEGIANS START FUN  
Waring's Pennsylvania opened the program. These eleven college boys took Los Angeles by storm at a recent engagement and are now causing a syncopation here at Grauman's Million-Dollar Theatre, through whose courtesy they came to K.H.J.

Their numbers had the snap and snap which distinguishes a high-class dance orchestra. Each of the boys is a specialist on his own instrument and the arrangement is unique for their perfection in harmony. When they play syncopation rings true with the slightest blare, square, or waltz of the average jazz music. Fred Waring, the conductor and manager, deserves credit for the success revealed by the organization. His musicianship and showmanship stand out.

It is to the ability of Waring that the excellent atmosphere and effects are created in giving popular melodies. Practically all forms of instrumentation are used with each man master of several instruments. Tom Waring, and several of the other boys are soloists as well. An avalanche of telephone calls and telegrams greeted their appearance at K.H.J. last night.

PIANIST DRAWS PICTURE  
C. E. Childs, pianist-composer, followed music into the land of melody and came back with the key to mystic beauty. Selma is one privileged to hear

### "Queen's Hawaiians" on Noon and Night Programs

Imagery translated into melody such as that which Mr. Childs holds at his fingertips.

He played his own compositions. "Fairies of the Elements," consists of three numbers, "Gnomes and Sylphs," "Song of an Undine" and "Dance of Fire Spirits." If you should ask Mr. Childs to describe the themes he would give the following portrayal:

"In a wood by a river at night gnomes are about, lurking in the shadows. The wood is suddenly lit by silvery moonbeams. Sylphs appear, dancing in the air. The gnomes also begin to dance. The sylphs descend and dance with them. Then all vanish, the sylphs into the air and the gnomes into the ground."

"Moonlight gleams on the river and the song of an Undine is heard. On the river bank a camp fire is still burning and a company of salamanders execute a wild dance in the flames."

There is a legend back of this composition of an Irish lad who came upon these mythical creatures while wandering among the hills. He listened with delight to the music of the enchanted creatures until they vanished. When he returned home all he could remember was a little motif of four notes.

BARITONE SINGS  
Other compositions by Mr. Childs, "In Fairy Glen" and "The Rainbow on the Waterfall," which were played during the evening hour were suggested by the scenery of one of the beautiful Tasmanian mountain ravines, the glens of which are filled with magnificent ferns and myrtle growing among the cascades and waterfalls.

A voice full and resonant is in the keeping of Neil M. Russell, baritone. He contrives unusual flexibility to obtain expressiveness. With Margaret Scott, excellent accompanist, at the Knahe, he sang numbers which became narratives through his fine interpretation.

The selections were "Cargoes," by C. Clark, "Sea Fever," by John Ireland, "Trade Winds," by Frederick Keel and "Colleen O' My Heart," by Arthur A. Fenwick.

Two of these numbers were given remarkable delivery. Mr. Neil emphasized the longing in "Sea Fever," echoing vocally an aside picture, as it were, of rolling green waves under a soft sky-canopy, and the tang of salt air which a follower of the sea loves to breathe. He caught a subtle love note, a tender appeal, in "Colleen O' My Heart."

SOPRANO CHAIRS  
Jennie Greer Burt, soprano, gave selections softly pleasing in motif with just that little touch of reverence in her voice that classifies a singer as sympathetic.

Her accompanist, Lora Campbell, is entitled to commendation for the skill and accord of her playing. Jennie Greer Burt sang "When the Dew is Falling," by Schneider, bringing out the fresh, poetic theme ably, and "Yesterday and Today."

Her voice has clearness and warmth, but most of all, she has a sensitive appreciation of musical inflection.

Fatti L. Lother, gifted reader, favored with "Lamentations of Lullaby," "The Little Irish Girl" and "Rosemarie." These selections were enjoyable because of the reader's excellent enunciation and discrimination in putting emphasis where it belonged; in other words, she has an adaptability to fit recitations she gives and good speaking voice for radio. Mrs. Lother also entertained the lady and ladies.

Her voice was glad to introduce Dr. Clarence E. Martin again. He is head of the political science department, University of California, Southern Branch, and spoke recently at a radio program given by the university Glee Club.

Last night he spoke on "The Student and Politics," a subject of deep thought, which, strangely enough, seems somehow to have been overlooked by the radio. He is a man of letters, and on matters relating to students, Dr. Martin is an exceptional talker and his words were of interest and importance.

PRODUCER TELLS TALES  
Robert McKim, motion-picture actor, and a first-rate teller of tales, was kind enough to come to The Times studio during the evening hour to tell Radioland Juniors a bedtime story.

He told the story in an enthralling way, running Uncle John a close race as the champion reader of bedtime stories, which is going some. The lady and ladies know Mr. McKim well and, needless to say, they want him to come again soon.

BANDIT GIVEN THREE  
PENITENTIARY TERMS  
Harold Brownlee, convicted bandit, was denied probation yesterday by Judge Dwyer of the Superior Court and sentenced to San Quentin on three counts, one of burglary, the second of grand larceny and the last of robbery. He must serve one to ten years for grand larceny, one to fifteen years for burglary and one year to life for robbery, the three sentences to run consecutively.

The bandit was convicted of breaking into the home of John P. Mills near Long Beach and stealing approximately \$800 worth of jewelry.

PHILATELISTS TO MEET  
The Laps Club, an association of men and women interested in collecting postage stamps, will have a regular monthly exhibition and dinner at 423 South Spring street Thursday evening, the 10th inst. at 6:30.

## Bullock's — One o'Clock Saturdays

## Of Interest to Women.

### THE NEW IN STORES AND HOMES

#### NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS

By Olive Gray

Up-To-Date: To edge the rather short sleeves of the semi-dress frock with beads, rather large and in contrast to the material of the garment. Thus is given an appearance of armlets, just now so Tut-tish—that is to say so in the mode.

To fashion the long, all-enveloping cape of cloth in panels of contrasting material, yet of the same color, thus are placed in adjacency satin and duvety, cloth of rough surface and that which is smooth velvet and silk. Sometimes the panels run to points at the lower edge and often a lining of contrasting color is glimpsed from the wrap spots away from the form.

#### ON DRUG EVIL

So remarkable was the address of Miss Amy Cryan of London that she was urged to speak a second time. "This fight against narcotics is an international question," she said, "which the women of the world must undertake. We must get at the bottom of things. England has selfishly allowed narcotics to go through her ports and the women of my country have helplessly failed in their efforts against the evil of the age. We need your help and we need your aid."

#### MEXICAN TRAFFICKERS

Benedita Palacios, who left for Los Angeles yesterday, said before her departure: "Yes, we have Mexican traffickers. But the American trafficker follows. She smokes one cigarette in public that the American trafficker, her heels are just one-eighth inch shorter and her bodice has one more stay and is two inches longer on the shoulder. You live in such a rush! You take a bite of sausage and then you write two words down. The Mexican girl just waves a fan while you write," she said.

#### GOVERNMENTERS WIN

The direct rules of the convention of the women of the world, which was held at the Mary Louise Hotel, Tuesday, were a triumph for the government. The women of the world, which was held at the Mary Louise Hotel, Tuesday, were a triumph for the government.

## FILM DIRECTOR SCOOPS SCIENCE

Play Based on Adrenalin Ahead of World

Proves Life is Stranger Than Fiction

Universal City Works in Great Secrecy

Many motion-picture plots and fiction stories have been built on happenings in the day's news. Let a big murder or other event of nation-wide importance occur and motion picture editors know they will read the story of it in manuscripts as well as in the daily papers.

But here is the story of a film play produced in secret last year. Its sensational idea is "copped" by some other producing company, but which, when practically completed, is multiplied in value by a sudden trend in the day's news.

"Legally Dead," written by Charles Furthmann around an idea of great interest to all people who live and breathe and expect to die in the usual manner. It tells the story of a man whose wonder, adrenalin, the salt from animal glands which he brings back to life—not quite the usual thing.

"Legally Dead" tells the story of a man with an insatiable mania for uncovering the injustices of circumstantial evidence convictions in murder cases. He is a newspaper man and from his observation of cases believes that a large percentage of convicted murderers are innocent. That would seem to end the story, with the hero dead, but it doesn't. He is brought back to life by adrenalin and the pulmotor. Legally, his status is "dead."

**WORK IN SECRET**  
Milton Sills, awaiting the start of his role opposite Virginia Valli in "A Lady of Quality," played the "legally dead" hero. Claire Adams, Herbert Fortier, Edwin Sturgis, Margaret Campbell and others handle other principal roles under direction of William Parkes, who directed "Out of the Storm," "The Palliser Case" and other pictures.

The filming was kept a secret from the public until the last day of two. The picture will be edited and in the exchanges in two weeks. Mr. Furthmann, now executive editor under Raymond L. Schrock of the Universal City scenario department, spent the last two years in State's attorney's offices in Illinois and has been associated with some of the biggest criminal investigations of the country. His father was Edmund Furthmann, head of the prosecution of anarchists in Chicago in 1887 and an outstanding legal figure of the country.

Several actual cases of execution victims who have been revived by adrenalin and the pulmotor were used in the research for "Legally Dead." Today's motion picture stories will be ten times as valuable as publicity as those cases were as material.

### JUDGE DISCOURSES

ON FILM CENSORSHIP

DECLARES IT IS RAPIDLY BECOMING MORE FORMALITY

Censorship is rapidly becoming a mere formality throughout the country, for the improvement of relations between the public and the producer is bringing about an understanding which is making it almost impossible for an objectionable picture to be placed on the market.

This statement was made yesterday by Frank H. Kerrigan, associate justice of the State Supreme Court, who visited the Famous Players-Lasky Studio.

"Censorship is one of those problems which is finding its solution through higher standards among motion-picture producers who would not stake their reputation for the sake of presenting a screen drama which might offend some theater patrons," he said.

**TO HEAR SCHOOL CANDIDATES**  
The People's Civic Club has invited the nominees for the Board of Education to speak before it at its meeting tonight at Central Junior High School, 418 North Hill street. The meeting will be open and will start at 8 o'clock.

**TO OPEN SUNSET INN**  
Sunset Inn at Santa Monica will be reopened for the summer season, its proprietors, Sam Wolf and Dave Wolf, announced yesterday. They are planning a brilliant event for the opening date and declare that several surprises will be in store for patrons of the resort.

**DETECTIVE TO SPEAK**  
Nick Harris, head of the Nick Harris Detective Agency, will address the employees of the Jacob Brothers Department Store at 8 p.m. today. His subject will be "Why Crime Doesn't Pay." More than 500 employees of the store will gather at the meeting to hear Mr. Harris.

## STAGE IDOL OF SWEDEN COMES HERE

Eosta Ekman to Arrive in June to Take Part in New Goldwyn Production

Universal City Works in Great Secrecy

Many motion-picture plots and fiction stories have been built on happenings in the day's news. Let a big murder or other event of nation-wide importance occur and motion picture editors know they will read the story of it in manuscripts as well as in the daily papers.

But here is the story of a film play produced in secret last year. Its sensational idea is "copped" by some other producing company, but which, when practically completed, is multiplied in value by a sudden trend in the day's news.

"Legally Dead," written by Charles Furthmann around an idea of great interest to all people who live and breathe and expect to die in the usual manner. It tells the story of a man whose wonder, adrenalin, the salt from animal glands which he brings back to life—not quite the usual thing.

SPEED OFFICERS  
GIVING CARDS

Ventura Guardsmen Arrest  
But How Politely  
It Is Done

(EXCLUSIVE DISPATCH.)  
OAKLAND, May 3.—Motor-  
cycle officers in Ventura  
county are most polite. They  
now have neat little cards to  
present to the "friends" they  
arrest. If you happen  
through Ventura county and are  
planned for violating the  
traffic regulations and would  
like to know the name of the  
gentleman on the motorcycle  
who arrested you, just ask  
for his card. On it you will  
find his name, the name of  
the county, a picture of a  
speed cop ploughing up the  
dust and the words "Oh, hell,  
another speed cop." They  
will be glad to give you one  
of their cards.

OIL REVENUE  
FAILS TO AID  
LONG BEACH

Expenditure of \$300,000  
in Royalties Checked by  
Disgruntled Taxpayers

By a "Times" Staff Correspondent  
LONG BEACH, May 3.—Like  
the ill-gotten gains of the little  
boy, the money which the city of  
Long Beach is deriving from the  
oil royalties on Signal Hill isn't doing  
the city very much good and has  
proven, so far, a serious bone of  
contention.

Last year the Council authorized  
the appropriation of \$300,000 of  
oil revenues for use in the general  
city fund and ever since that time  
the city fathers have been trying to  
spend portions of it, but with no  
success. Recent attempts to use  
some of the money for equipping  
a new fire station with a modern  
signal system met with threats of  
action by taxpayers. It was con-  
tended that the money, because  
it was derived from oil taken from  
under the city, belonged to the  
water department and could be used  
for the benefit of no other city  
department.

Failure of the present water-  
distributing system of the city to  
provide adequate water supply to  
certain districts has again brought  
the oil-revenue squabble into the  
open. The city fathers are now  
proceeding to compel the return  
of the \$300,000 to the water depart-  
ment in order that the water dis-  
tributing system may be improved  
immediately.

Property owners in the eastern  
section of the city are determined  
to obtain water service and declare  
that for several days they have  
been meeting to discuss the matter.  
At which time they have decided  
to call on J. J. Barton, president of  
a district improvement association,

BRIBE CHARGES  
GIVEN SUPPORT

Attorney Testifies He Heard  
Negotiations Attempted

Chiropractor Says Secretary  
Fainted at Refusal

Contest on Anaheim Man's  
Will Waxes Warm

(BY A. P. MIGHT WEBB.)  
SANTA ANA, May 3.—With At-  
torney W. B. Anderson of Los An-  
geles as a witness supporting the  
contentions of Thomas McGrath,  
masseur and chiropractor of Los  
Angeles, the latter has been offer-  
ing various sums of money up to  
\$5000 if he would sign an in-  
strument and leave the country.  
The contestants over the will of  
Gen. Julien O. Royer, wealthy  
Anaheim man, who died in Los  
Angeles in October, 1912, are  
contesting the third day of their case today.

Attorney Anderson, who was em-  
ployed by McGrath, supported his  
client in the assertions that Miss  
Marie Feraud, confidential secre-  
tary of the general, and Attorney  
Frank Wilson, Los Angeles, offered  
McGrath \$5000 so that he could  
not add the family of Royer in the  
contest.

Both Anderson and McGrath  
have described a plan by Asa  
Kearney, Chief Deputy District At-  
torney of Los Angeles; Edwin A.  
Meese, attorney for the Royer  
family; Judge John Summerfield of  
Los Angeles; and Anderson to  
catch Miss Feraud and Mr. Wil-  
son in the asserted bribe scheme.

McGrath testified that Miss  
Feraud met him at the Alexandria  
Hotel, Los Angeles, and offered  
him up to \$2500 to leave the coun-  
try and testify on her side. Mc-  
Grath says Miss Feraud fainted  
when he refused and he took her  
to her home in his automobile.

At other times when McGrath  
was in controversy with Miss  
Feraud over the money which was  
asserted to have been offered him,  
it was said, Attorney Anderson  
listened to the conversation over  
an extension to the telephone, he  
testified.

CLUB SUCCESS IS ASSURED  
PURPOSE SEEN  
IN DAVIS BILL

Authorized Charter Membership of Hermosa Beach  
Organization is Over-subscribed

By a "Times" Staff Correspondent  
HERMOSA BEACH, May 3.—There was a lively scene at the Surf  
and Sand Club quarters here Wednesday when it was announced that  
the 250 authorized charter memberships of the club had been consid-  
erably over-subscribed in the preceding week.

As the total number of members  
ship applications to date represents  
more than \$100,000 in cash, all  
doubt of the success of the Surf  
and Sand Club organizers has van-  
ished. Title has been taken to an  
entire block of ocean frontage and  
considerable space in an adjoining  
block. This property, which was  
optioned last fall at approximately  
\$100,000, is now being subdivided  
into lots of 100 feet each.

President Ralph E. Matteson  
states that the Surf and Sand Club  
has already claim one of the most  
widely distributed memberships of  
any club in Southern California.  
Past presidents have been ap-  
pointed; Monrovia, twenty-two;  
Glendale, Alhambra, Sierra Madre, mites.

PLANS NEW LIGHT MEASURE  
Dr. Michelson Will Use Instrument Being Built at  
Mt. Wilson for Research Work

By a "Times" Staff Correspondent  
PASADENA, May 3.—A fifty-foot interferometer, an instrument  
designed to measure the velocity of light, is now under construction at  
the Pasadena laboratory of the Mt. Wilson Observatory for the

purpose of measuring the velocity of light. The instrument, which will be  
able to make measurements with an error of not more than three-  
tenths of an inch a mile, is being constructed by Dr. Michelson, who  
will return to this city next month to effect, if possible, a new  
method of measuring distance.

It is expected that with the aid  
of the instrument Dr. Michelson  
will be able to eliminate the use  
of the tape line in surveying. He  
hopes to determine the velocity of  
light within one mile per second  
of its actual speed. Light is  
roughly estimated to travel 186,000  
miles per second.

Dr. Michelson, who is widely  
known for his research work in the  
study of light and wave lengths,  
has spent the winter months at the  
Mount Wilson Observatory. Recently  
he installed a powerful reflector on  
Mount Baldy, and with the aid of  
the instrument he is now making  
measurements of the distance be-  
tween the two points.

PURPOSE SEEN  
IN DAVIS BILL

El Centros Charge It Is  
Selfish Measure

Say Assemblyman Would be  
Benefited

Irrigation Director's Job  
Called His Aim

(EXCLUSIVE DISPATCH.)  
EL CENTRO, May 3.—If the  
Davis bill, amending the irrigation  
district law, should be adopted by  
the Senate, Gov. Richardson will  
be appealed to in an effort to kill  
the measure, it was learned here  
today. The bill, which provides  
for the election of irrigation di-  
rectors at large and reduces their  
salaries to a minimum, has stirred  
up opposition among the district officials here.

In protest against the bill, it is  
strongly hinted that Assemblyman  
Davis is pushing it through the  
Legislature in the hope of clearing  
the way for him as a possible  
candidate for irrigation district di-  
rector at the next election. Before  
his election to the Assembly, Davis  
was known to have been receptive  
in his attitude toward a district  
director's job. This fact is now being  
used by opponents of his bill  
in an effort to show that he has  
a strong motive in favoring the  
legislation.

PURPOSE TOLD  
Information received by the district  
officials here is to the effect  
that Assemblyman Davis has in-  
troduced the irrigation district bill  
in the House in skeleton form, and  
that he would be compelled to wait  
until he was amended in the form  
passed by the lower house.

Davis has been quoted as being  
strongly opposed to the present  
system of electing directors by dis-  
trict corresponding to supervisor-  
ial districts, and has asserted that  
efficiency in the handling of  
irrigation district affairs could be  
obtained by electing the five di-  
rectors at large from among men  
who do not care for the salary  
connected with the office.

PLANS OPPOSED  
Davis resides on a ranch near  
El Centro, and under the present  
law would be compelled to wait  
four years to be a candidate for  
director in this division. A  
change in the law would permit  
his candidacy at large in two  
years, if he wanted to run at that  
time.

Opposition to this bill has been  
stirred up among the Associated  
Chambers of Commerce, Farm Bu-  
reau and other organizations in  
the valley. The latest barrage  
against the bill is a resolution  
adopted by the district directors  
themselves

# Corns

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Fresno" on an aching corn, instantly that corn stops hurting. Then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Fresno" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. (Advertisement.)

# Certified MILK

Means It's "PURE" MILK

It is proved that there is no food produced that has an equal value for pure, clean milk from a healthy, clean, properly fed Holstein cow, and still how many mothers are more careless in their selection of the milk than in any other food served upon their table. We dare say that not 50 per cent of those feeding their children milk know what is meant by

# Aden Certified Milk

It means a 100% clean product, from healthy, clean, well-fed tested cows, with every operation under the supervision of the Aden Milk Commission. It costs more to produce such milk, but it is the only milk your child should drink. You should see this milk produced at Aden Dairy, one-half mile north of El Monte. You can secure it for your table and babies.

# FRECKLES

Girls! Make Harmless Lemon Cream to bleach away Tan, Freckles

Mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents, shake well in a bottle, and you have a whole quart of the most wonderful freckle and tan cream, and complexion beautifier.

Massage this sweetly fragrant lemon cream into the face, neck, arms and hands each day, and see how freckles and blemishes naturally bleach right out, and how youthfully clear, soft and rosy-white the skin becomes. (Advertisement.)

# VOTE CANVASS IS UNDER WAY

Council Begins Three-Day Task of Counting

Only Minor Errors in First Count Expected

Legislature Soon Will Get Charter Amendments

The City Council yesterday afternoon began its three-day task of canvassing the semi-official returns at Tuesday's city primaries, and then will be announced the final official returns. The discovery in the canvass of errors changing the result from that announced in the semi-official count completed yesterday is not expected, although it may show minor inaccuracies in the count at the polling places.

Immediately upon the completion of the canvass, members from the City Hall will take to Sacramento for immediate ratification by the Legislature, before its adjournment, of the four charter amendments approved by the voters. With this done the Chief of Police and the City Purchasing Agent will be placed under civil service at once, as was authorized by the majority "Yes" vote on Proposition No. 1, and the salaries of the Mayor, City Attorney and City Auditor will be at once increased, as provided under the three charter amendments which appeared as Propositions Nos. 2, 3 and 4.

Under the increase, the Mayor will begin receiving, before June 1, a salary of \$3000 a year instead of the \$2400 he is now receiving; the City Attorney will receive \$7200 a year instead of \$4800, and the City Auditor will receive \$5000 a year instead of \$3600.

SLIGHT CHANGE POSSIBLE Under the semi-official count completed yesterday, when returns from all precincts had arrived at the City Hall and had been counted by City Clerk Dominguez, the total vote cast for all five Mayorality candidates was 20,244, although the discovery at the official canvass of minor errors may increase this total to more than 21,000.

Under the semi-official returns Mayor Cryer received 61,746 votes, or 44,084 more than Bert L. Parmelee, and the Mayor-elect received 12,211 votes, the fifty ordinance stands by a majority of 4602 votes, the Santa Fe Harbor extension franchise is ratified by a majority of 7841 votes, and the charter amendment placing the Chief of Police and the purchasing agent under civil service carried by a majority of 7877.

Until the canvass is completed the question of whether or not Elizabeth Louise Clark and Robert A. Odell were elected to the Board of Education cannot be definitely decided.

Mrs. Clark received 48,595 votes and Mr. Odell received 44,454 votes, under the semi-official returns. The Council's canvass will show exactly what the voters' votes were. Then, under the ruling of the City Attorney, an amendment to the City Charter, which was adopted by the City Council, will be placed before the voters at the June 5 ballot. The amendment would elect to the Board of Education five candidates backed by the Citizens' School Committee in its fight against the radicals who sought to gain control of the Los Angeles schools. In case the amendment has been elected there will still remain on the June 5 ballot the names of Miss Emma York, John J. Collins, M. C. Hastings, Miss Mary C. Mills, and G. Bromley Oxnard, of the "teachers' ticket," and John B. Benson, Irwin J. Muma, Lucia Macbeth, Frank O. Bristol and Frederick R. Felthaus, urged to the voters to battle for the five places to be filled.

# Tailor Declares He'll Press Suit for Separation

Hugo Schmidt, merchant tailor, will press a suit for divorce against his wife, Mrs. Hattie Schmidt, because she threw a telephone at him, he asserted Wednesday in a complaint filed in Superior Court. Besides tossing the product of Dr. Bell's fertile brain in his direction, he asserted, of invading his shop and heaping vituperation and abuse on him in the presence of customers and workmen. This caused him great humiliation, he declared, especially on one occasion, when he said, though he had taken his hat and fled, she followed him down in the elevator and out into the street still belaboring him with invectives. The Schmidts were married in April, 1919, and separated in January, 1922, the complaint stated. It was drawn by Attorney Robert M. Clarke.

# ASK SPECIMENS FOR WILD FLOWER SHOW

The annual Wild Flower Show will be conducted the 7th, 8th and 9th at the Southwest Museum, Marmon Way and Avenue Forty-six. Those who have collected rare specimens of wild flowers are urged to contribute them to the museum for the show. Special speakers will be provided, and prizes to be announced later, it was said.

# AIR ABDUCTION SCOUTED.

Theory That Flyer Took Child From Confinement of Children's Home by Airplane Denied

Suppositions that Charles R. Parmelee, former Los Angeles stunt aviator accused of abducting his infant son, Charles, from a children's home in a suburb of Mexico City last Thursday, had used an airplane to carry the boy to Guatemala, were proved to be without foundation in proceedings instituted yesterday in the courts of the Mexican capital, according to advice received in Los Angeles.

Parmelee has been granted seventy-two hours' immunity from prosecution on the kidnapping charge while the court is investigating the case. The father has denied the charge, declaring that his son followed him from the children's home after he had visited him there.

KIDNAPER'S TARGET

The boy, who was recently placed in the children's home pending the outcome of judicial proceedings between Parmelee and his former wife, Mrs. Esther Black, Parmelee of Los Angeles, has figured in a series of alleged abductions recently. Both the father and the mother have been battling for the possession of the child since he was awarded to each at intermittent periods, following

SHOW OF AD CLUB READY FOR CURTAIN

Men in Charge State It Will be Greatest of Annual Affairs Presented

Rehearsals and preparations are practically completed for the third annual vaudeville and minstrel show of the Los Angeles Advertising Club, which will be staged at the P. H. Harmonic Auditorium to-night.

According to Walter B. Duncan, Glen W. Duncan and Richard C. Duncan, who have charge of the managing and producing of the show, it will be the greatest of the annual affairs staged thus far.

The show, which will include Schaefer and Gilbert, a side-splitting comedy act; the Gold Dust Twins; Frank Lancaster and Edward Farney of the University of Southern California, in a musical sketch, entitled, "Interference"; the L. S. Rothstein, a character singer, and other headline numbers.

The show will open with a chorus of twenty trained voices, all members of the Advertising Club, who will sing "The Song of the Advertising Club."

Announcement of the time and place is to be made in a few days. The show will be presented by the Los Angeles Advertising Club, which is a branch of the Los Angeles Advertising Club, which is a branch of the Los Angeles Advertising Club.

Montagne Will Adapt Hough's Story for Film

Eddie J. Montagne, one of the most prominent scenario writers in the motion-picture field and for many years editor at the Selznick studios, has been signed by Jesse L. Lasky to adapt the Emerson Hough story "North of 36" for the screen.

Montagne has gone to the scene for "Rupert of Hentzau," "The Common Law" and several other big productions.

It is understood that Ernest Torrence, who starred in "The Covered Wagon," another Hough story, will be the leading actor in "North of 36," which will be directed by George Melford.

Hough, who died several days ago, had previously made the request to Mr. Lasky that Torrence be signed to play his story.

Montagne has gone to the Santa Cruz Mountains where Melford is making "Salomy Jane" to confer with him in regard to the production.

GOOD SAMARITAN SUES FOR REWARD

The good Samaritan, as played by Maurice P. Codd, yesterday came into court and demanded recognition of his services. He filed suit in the Small Claims Court against E. F. Tierney, a baker, whom he says he rescued from a fire in the latter was down and almost out in his battle with life.

The agreement was, Mr. Codd says in his suit, that Tierney was to pay him back from the money he obtained through his heroic deed. Tierney, he says, failed to do so, and he is now suing for the \$49.50, which was due from the proceeds of a fight at the Hollywood Casino on the 14th inst.

DECREE IS ASKED FOR NONSUPPORT

After forty years of married life, Mrs. Ella Riddell yesterday filed suit for divorce from George H. Riddell. She charges that her husband, although abed, refuses to support her and her children, and she asks for a decree of nonsupport.

# WILL LOOK OVER ORPHANAGE SITE

Yeomen Chiefs Will Visit Fresno Next Week

Expenditure of Millions on Home Planned

Project Includes Building of Small Town

FRESNO, May 3.—Millions of dollars will be expended on a site near Centerville, in this county, if it is chosen next week for the national orphanage of the Brotherhood of American Yeomen. This site is one of four under consideration. National officers of the order will be here next Tuesday and Wednesday for the purpose of inspecting it again.

Members of the party are Supreme President George M. Frink and Supreme Secretary W. E. Davy of Des Moines, Supreme Treasurer Ward Hinn of Montreal, W. R. Shirley of Muskogee, Okla.; president of the board of directors; Senator S. E. Wilson of South Dakota, C. L. Vrooman of Missouri, Mark McKee of Michigan and Al Hoffman of Iowa, all members of the board of directors, and W. J. Elliot of Manteca, state treasurer.

Through arrangements made by O. E. Williams, district manager, this party will be welcomed here by a delegation of Yeomen from the Fresno homebased, by members of the Fresno County Chamber of Commerce and by city officials.

ESCORT PLANNED

A joint delegation from the Chamber of Commerce and the Fresno County Commercial Secretaries Association, headed by President E. L. Evans, will meet the visitors Wednesday morning and escort them to the Centerville site which is four miles from that town.

The site is a 100-acre tract, of which only 1100 would be purchased at first. The first unit of the orphanage would be built at a cost of \$25,000. The orphanage plan of the order now contains \$400,000.

According to Williams, however, according to Williams, the plant would be expanded to embrace several hundred acres for the children.

The plan includes a school, a hospital, stores, a bank and other buildings, to cost millions.

Arrangements for the State convention to be held here from the 21st to 25th inst., inclusive, have been virtually completed.

A committee was appointed last night to coordinate the arrangements for the local membership.

Word was received at last night's meeting that the delegates from all over the San Joaquin Valley would have large delegations here and would be well represented in the monster parade on the 22nd inst.

Distribution of Mrs. Reid Film Contracted for

With Mrs. Wallace Reid in Washington, D. C., taking the first step toward her recovery, her representatives in Los Angeles Wednesday closed a deal with P. A. Powers whereby the Film Booking Office of America, Inc., are awarded the distribution of Mrs. Reid's "Human Wreckage" photoplay.

The picture, which was shot at the P. H. Harmonic Auditorium to-night, is a story of a woman's struggle with alcoholism.

According to Walter B. Duncan, Glen W. Duncan and Richard C. Duncan, who have charge of the managing and producing of the show, it will be the greatest of the annual affairs staged thus far.

The show, which will include Schaefer and Gilbert, a side-splitting comedy act; the Gold Dust Twins; Frank Lancaster and Edward Farney of the University of Southern California, in a musical sketch, entitled, "Interference"; the L. S. Rothstein, a character singer, and other headline numbers.

The show will open with a chorus of twenty trained voices, all members of the Advertising Club, who will sing "The Song of the Advertising Club."
